MANUFACTURERS AND DEALERS IN

I have just purchased a supply of the latest chemicals, with improved machinery for dyeing and finishing Silk and Woolen Goods in all of the new colors. With my many years experience I feel safe in saying I can do good work as can be done in the Union. I dye in my colors

Silk, Silk Velvets, Merinos, Alpacas, Delaines and Dresses

in a style superior to that of any other establishment in this part of the country. By this process every description of Silk and Woolen Goods are dyed without injury to the texture. All orders entrusted to our care will receive prompt attention. Goods can be sent by express and return if desired.

SOMETHING NEW.

Banks, Churches, &c., made to order.

Painting, Varnishing, Finishing, Repairing done in the most
skillful manner, and at a moderate and satisfactory price.

Get the Best!

It is the Cheapest!

The Genuine Singer. *Some Very Hard Nuts to Crack.*

1
Companies have sprung up in every part of the Union for making an "Imitation Singer Machine."

"Why are not similar companies formed for making Imitations of other Sewing Machines?"

The public will draw its own inference. Gold is continually counterfeited; brass and tin never!

2
The Singer has taken the FIRST PRIZE over ALL competitors more than TWO HUNDRED TIMES. WHY?

3
After the Chicago Fire the Relief Committee undertook to furnish sewing machines to the needy women of that city. Applicants were permitted to choose from six different kinds of machines. 2,944 applicants were furnished with machines; 2,427 chose Singer Machines, and 517 distributed their choice among the five other kinds of machines! These girls were to EARN THEIR LIVING ON these machines. WHY DID THEY TAKE SINGERS?

THE PEOPLE'S AWARD TO THE "SINGER."

The people bought Singer Machines as follows:

1870	127,833	Singer Machines.
1878	356,432	" "

Many of the manufacturers of other machines refuse to state their sales! WHY?

73,620 More Singers sold in 1878 than in Any Previous Year.
Three-quarters of all the Sewing Machines sold throughout the world in 1878 were "Singers."

OF DES MOINES, IOWA,

Office in their Elegant New Three Story Stone Front,

221 and 223 FOURTH STREET.

CAPITAL,	\$130,000.00
GROSS SURPLUS,	218,770.57

ASSETS

Cash in Bank and in course of Transmission	\$ 23,890.00
Bills Receivable	102,020.10
Judgments	1,616.01
School Orders and Interest accrued	17,755.48
Office Furniture and Supplies	2,562.31
Stock Bonds	97,500.00
Real Estate	40,000.00
Interest accrued on Bonds and Mortgages not yet due	3,729.49
Loans on Bonds and Mortgages, first liens on Real Estate worth \$13,300.00	41,290.52
Total Assets	\$355,313.49
Add Stock reduced last year by consent of Auditor of State	67,300.00
	\$422,613.49

This reduction of Assets acts at same time as a Reduction of Liabilities, and consequently does not affect Surplus, leaving the Company **\$30,000.00** more Capital Stock than any other Iowa Company.

We are happy to say that despite the unusually hard times, the Company increased its business or volume of premiums during the past year, and added to surplus **\$22,000.**

The Management very much appreciate the continued and increased patronage and just appreciation of a sound and reliable institution.

THE IOWA COLLEGE OF LAW,

DES. MOINES, IOWA.

BEING THE

Law Department of Simpson Centenary College.

FACULTY

REV. T. S. BERRY, M. A., President.

HON. WM. E. MILLER, (Ex-Chief Justice,) Dean of the Faculty, and Professor of the Law of Corporations, Pleadings and Practice, etc.

HON. C. C. COLE, LL. D., (late Chief Justice of Iowa,) Professor of Commercial Law, etc.

HON. GEORGE G. WRIGHT, LL. D., Professor of Constitutional Law, etc.

HON. JOHN MITCHELL, Circuit Judge, Fifth Judicial District of Iowa, Professor of Bailments, etc.

THE ADVANTAGES

Afforded by a Law School at the Capital of the State over any other place in it are manifest. Here Courts, both State and Federal, are in actual open session during every week of the College year; here is the most complete law library in the Northwest; here the statute law is made by the Legislature, and administered by the highest courts of this country; and here may be seen day by day, during the entire College year, the practical application of the very principles of the law as they are taught daily in the school.

The State Library will be always open for the use of students, affording the most extended investigation possible of any law question.

The charge for instruction is \$50.00 per year, or \$20.00 per Term, payable INvariably IN ADVANCE.

For further information, address W. E. Miller, Dean of the Faculty, Des Moines, Iowa.

TO ADVERTISERS.

Concerning Co-Operative Advertising.

Shrewd advertisers generally avail themselves of co-operative lists as the best, cheapest, and most efficient medium through which to reach the masses. The country newspaper is the medium through which the great public receives its information of the world's doings, the progress of art, invention and improvement. It is found in every household, and generally read—advertisements and all. The advertiser who has an article of merit to which he desires to inform the public will not be slow to adopt the best and cheapest means of advertising his goods. We have recently added a fine supply of new and beautiful display type, so that the typography and general appearance of our advertising columns cannot be excelled. We claim that our list offers the best advertising medium of any list, of equal number of papers, in the country. A large proportion of our papers are leading journals at county seats, having large circulation.

Advertisements inserted, in this list of Local Papers at the low rate of One Cent per Agate line per paper each insertion. Files of these papers are kept in our office for the inspection of advertisers.

The Cheapest Advertising Medium in the West.

WE SUPPLY PUBLISHERS OF NEWSPAPERS IN

THE FAULTLESS SCHOOL DESK!

MANUFACTURED BY THE

Chicago School Furniture Co.

WHY IT IS THE BEST:

Not because it is put together by screws and bolts, nor by dovetail joints. Because the wood and iron are doweled together.

Not because it has only one book shelf, in which everything must be kept, whether adapted to the purpose or not. Because it has two book boxes; an advantage in having a school desk with two drawers instead of one.

TO SCHOOL OFFICERS.

All those wanting School Furniture will make inquiry at the warehouse of the H. Kagey, the best school furniture dealer in the State. They are also manufacturing these goods before you buy. It will cost you nothing to make the inquiry. They are also selling the best Veneer Black Board, etc., etc.

PREFACE.

The publishers take pleasure in presenting this DIRECTORY of Des Moines to the citizens, and feel assured that as no pains or expense have been spared in compilation, it will be found more correct and reliable than any work ever issued in this city.

Des Moines is rapidly developing in her business and manufacturing interests, and has most wonderfully increased in population during the past few years, now numbering about twenty-five thousand five hundred inhabitants, and is making more substantial progress from year to year, than any other city in Iowa. In the energy, thirst, moral status and intellectual character of her people she cherishes a just and laudable pride. It is a city which, for beauty of situation, is scarcely rivalled in the Northwest, presenting advantages in all its great industrial aspects excelled by none.

We would call special attention to the business review, business men, leading business houses, manufacturers, railroads, improvements, business blocks, public buildings, the new State Capitol, State Fair, grounds and buildings.

The book contains a resident and business directory, a full list of churches, educational institutions, orders, societies, city, county, and state officers.

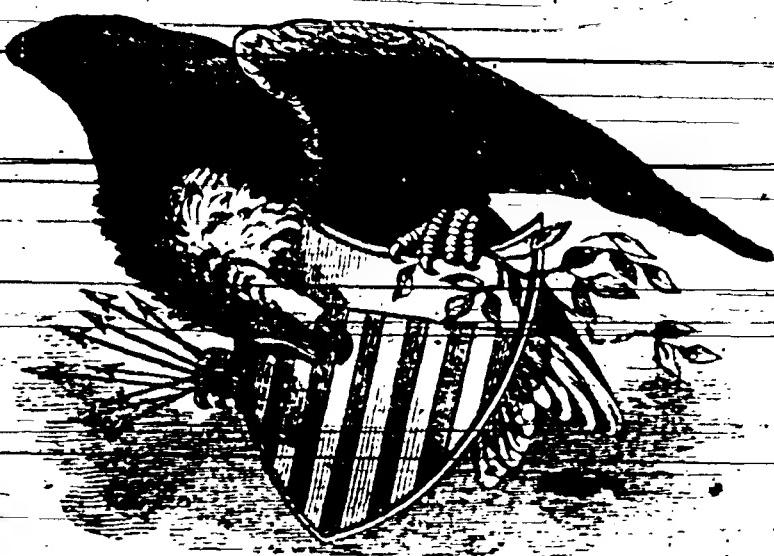

To all who have in any way encouraged the enterprise, especially those who have so liberally supported us by their subscription; and advertisements, we return our sincere thanks, and feeling assured that the benefits which will ultimately accrue to each will richly repay them many times by an increase in trade, we bid all a kind adieu until another year.

Respectfully,

THE COMPILER.

HER BUSINESS, COMMERCIAL AND MANUFACTURING INTERESTS - COAL MINES, RAILROADS, NATURAL ADVANTAGES AS A COMMERCIAL CENTER - THE NEW STATE HOUSE, THE NEW FAIR GROUNDS AND THE STATE FAIR, BUSINESS REVIEW, &c., &c.

The site on which the city is built is unsurpassed for beauty and pleasant surroundings. Situated at the junction of the Des Moines and Raccoon rivers, and occupying a sort of amphitheater, the bluffs rising by gentle acclivities on all sides, it affords fine residence sites, while the level portion is large enough to accommodate the business of a large city.

From the two rivers extend a rich and fertile plain, skirted with gently undulating hills, or bluffs which are covered with forest trees. Within the area encircled by these slopes a population of one hundred thousand can be amply accommodated with residences and yet not be crowded. The stranger is apt to be deceived in the number of inhabitants, from the fact that the residences are scattered far back on the wooded hills, where they are hidden from view.

The Des Moines river, which flows through the heart of the city, is spanned by four iron bridges 600 feet in length, while the Coon has also two bridges, affording to South Des Moines and the rich prairie beyond, easy communication with the various parts of the city.

In area Des Moines includes about twelve square miles, all suitable and laid out for building purposes. The city is growing with unprecedented rapidity, both in the erection of handsome and comfortable dwellings, and solid, imposing, and beautiful business blocks.

No city in Iowa presents so good a prospect for the future as Des Moines; no other gives evidence of more enterprise.

Unlike the Iowa cities on the Mississippi and Missouri, which are numerous, Des Moines has no rival. This will allow Des Moines to make a far greater growth than it could otherwise hope to attain.

For the "Western" trade, what town so favorably situated? With all the natural advantages that make it the market for the West, and insuring it cheap transportation from the East, it could not be better situated in reference to trade. Indeed, the progress already made in this direction is some indication of what may be expected in the future.

The surface of the surrounding country is undulating, but in no places rough, and is beautifully diversified with wooded streams and open prairie. The ready market found at Des Moines for everything produced by the farmer, and the rich remunerative yield from everything planted in the soil, are rapidly enriching the farming community.

One of the great advantages which Des Moines claims, is, that it is backed by a farming country which can scarcely be excelled. Our rich farming land, which is the foundation of wealth, can never be moved. Our advantages are therefore, permanent, and not accidental. The natural advantages of Des Moines are plainly to be seen to-day.

It will be well for capitalists, and particularly for men of moderate means, desiring to acquire rapidly, to give their closest attention to the attractions which Des Moines now offers to them over any city in the west. The peculiar advantages of Des Moines must be apparent to the most casual observer, with lines of railway, north, east, south, and west.

With the present cheap rates of real estate, and in view of the large mechanical population which will be brought here in the construction of railroads, the establishment of manufactories, and other works, we know of no other place which presents better opportunities for the investment of capital, or which promises a more enduring prosperity.

Des Moines has every element necessary to make it a great manufacturing center. Coal is abundant and cheap. An inexhaustable water power is here, and railroads in every direction are ready to bring in the raw material and carry out the manufactured article. The success of the factories already established and the rapid settlement of the country tributary to the city, are warrants for the establishment of many more.

We take pleasure in noticing that Des Moines manufactures are equal in appearance and quality to the best products of eastern manufacturing cities, and we should give our home manufacturers all possible encouragement.

Coal is found in the vicinity of Des Moines in large quantities, supplying the city and vicinity, besides considerable quantities for shipment. Iowa coal is known as bituminous, and is equal in quality to coal of the same class found in other parts of the world, containing (as shown by analysis) only ten parts of im-

purities to ninety parts of combustible matter. Some fifteen mines are worked; located in and about the city; employing about seven hundred men. The demand for Des Moines coal outside the city has become so great that steam-engines are used to facilitate the raising of the coal. Good coke is also made from this coal.

We deem it to be of the utmost importance to those seeking a desirable location for manufacturing, that other things being nearly equal, they locate in the place where fuel costs the least. It is almost a universally conceded fact amongst those engaged in manufacturing where great power and heat is required, that to be successful they must locate where fuel is cheap, and that this fact relative to our city, is fast being appreciated, and taken advantage of, is evinced by the rapid increase and growing importance of our manufactories.

If Eastern manufacturers would act wisely they will seek this much favored and very inviting field, this golden opportunity, when so cordial a welcome awaits them. The present year bids fair to be one of special interest and profit to those embarking in this department of productive industry. Hundreds of new enterprises can find room in our city.

Let us have manufacturing that will give constant employment the whole year-round; that is the kind of labor that brings permanent prosperity with it.

THE POPULATION.

The United States Census of 1850 placed our population at 515. In 1860 it had increased to 4,111, and in the ten years immediately following the gain was 7,554; giving a total population in 1870 of 12,035. Since then our population has increased, until this year it will reach somewhere between 25,000 and 26,000. This is no fanciful computation; the estimate is three and one-half to the name, and we are warranted in using this ratio, as a careful canvass of the city shows 7,271 names which gives us 25,159; but, if we used the average, *sixty*, used by some cities east and west of us, we could show a population even greater than theirs to-day.

The great increase in the population of the western part of our State renders the trade very important, and Des Moines, soon, from its central position, seems destined to become the headquarters for the trade in Iowa, the metropolis of Iowa, and a city of 50,000 ten years hence.

PUBLIC SCHOOLS AND COLLEGES.

One of the greatest advantages of Des Moines is her excellent public schools—the buildings for which are valued at about \$350,000—employing seventy-two teachers, and having an attendance of nearly five thousand pupils.—Among the illustrations given in this work is that of the Lincoln school building, one of the finest in the west, which was erected at a cost of \$50,000.

There are also two large and flourishing schools under the auspices of the Catholic Church.

The German American School is in a flourishing condition, under the supervision of the German Turner's Association.

The University of Des Moines, under the auspices of the Baptist denomination, in addition to its great natural advantages of location, has a corps of instructors and curriculum of instruction second to no institution in the state, and is well worthy of patronage.

The Iowa Academy of Natural Sciences which has for its object the diffusion of scientific knowledge, is one of the most interesting and beneficial organizations in the city. Since its inception its growth has been constant, and its monthly meetings are gatherings of profit and pleasure.

The Iowa College of Law located in Spencer block, 7th street, is the Law Department of Simpson Centenary College. The course of instruction embraces the whole field of Elementary Law, as found in Blackstone, Kent and Walker, and especially the law of Real Property, Contracts, Torts, Equity Jurisprudence, Evidence, Bailments, Corporations, Agency, Partnership, Bills and Notes, Domestic Relations, Insurance, and Criminal, Probate and Constitutional Law, and Pleading and Practice, both at Common Law and under the Codes. The course of study is so arranged as to be completed in a single year, beginning in September and ending in June. It is divided into three terms, corresponding with the other departments of the College.

The advantages afforded by the Law School at the Capital of the State over any other place in it are manifest. Here courts, both State and Federal, are in actual, open session during every week of the college year; here is the most complete law library in the Northwest; here the statute law is made by the Legislature, and administered by the highest courts of the country; and here may be seen, day by day, during the entire college year, the practical application of the very principles of the law as they are taught daily in the school.

The State Library will be always open for the use of students.

affording the most extended investigation possible of any law in question.

For circulars or information address Hon. W. E. Miller, Dean of the Faculty.

There are few states that have as fine a library as Iowa. The law department is the best of any law library in the west. Within the last few years great improvements and additions have been made. There is an appropriation by the State of \$1,000 a year to purchase books of all kinds, so that there are valuable additions being made yearly. As a State we have reason to be proud of such a treasure.

For a city of twenty-five thousand inhabitants, Des Moines has more churches and better church edifices than any city of similar population in the west.

The Young Men's Christian Association have comfortable rooms in Boyd's block, 5th street near cor. Locust, where interesting Bible and prayer meetings are held every Monday evening. The Association is doing a worthy and efficient missionary work. They have charge of a large mission Sunday school at the Rock Island depot, and hold religious services each Sabbath in the county jail and the city hospital, and each alternate Sabbath at the county poor farm. They also give each year a very fine course of lectures and concerts.

The city library, which is under the management of an association of ladies, is in a flourishing condition, and occupies spacious and pleasant rooms in Art block on Fourth street. This association also gives a fine series of lectures and concerts during the winter.

There are in the city including bandboxes, machine-houses, about forty factories, twenty-two miles of water works, fifteen of gas mains; probably about two hundred and forty miles of sidewalk, with over one hundred miles of street.

The first telephone line was connected with the office in the city from the house of Mr. C. C. Bushnell, the first building having been built by Mr. Bushnell in 1854, and the telephone company took up their office in the same building in 1877.

We have a fine public library, containing over 10,000 volumes, which is open to all persons, and is located in the city hall, on the corner of Locust and Fifth streets. It is a good number of hours every day, and is well worth a visit.

The library is open to all persons, and is well worth a visit.

DEEP-ROCK SPRING.

It may be of some interest to our readers to know that on the Des Moines river, two and a half miles south of Des Moines, there is a delightful summer resort. The place is called "Deep Rock Spring," and is supplied with a large hotel, which has large, airy, well ventilated rooms. The site is romantic, right in the edge of the woods. The hotel is but a few steps from the Des Moines river, where boating and fishing can be had in abundance. The object of the hotel is to give people an opportunity to drink the mineral water which flows in abundance from a well bored 215 feet through solid rock. The water has great curative qualities, and hundreds of invalids can testify that they have been benefitted by its use. The spring being so near to Des Moines makes it a desirable and pleasant resort. The number of visitors at Deep Rock Spring is daily increasing and will continue to increase as the merits of the water and accommodations of the hotel become known. Messrs. Plumb & Bennett are the proprietors. The time will come when Deep Rock will be one of the best curative establishments in the State.

THE COTTAGE HOSPITAL,

a most beneficent and praiseworthy institution, was opened July, 1878, for the reception of patients.

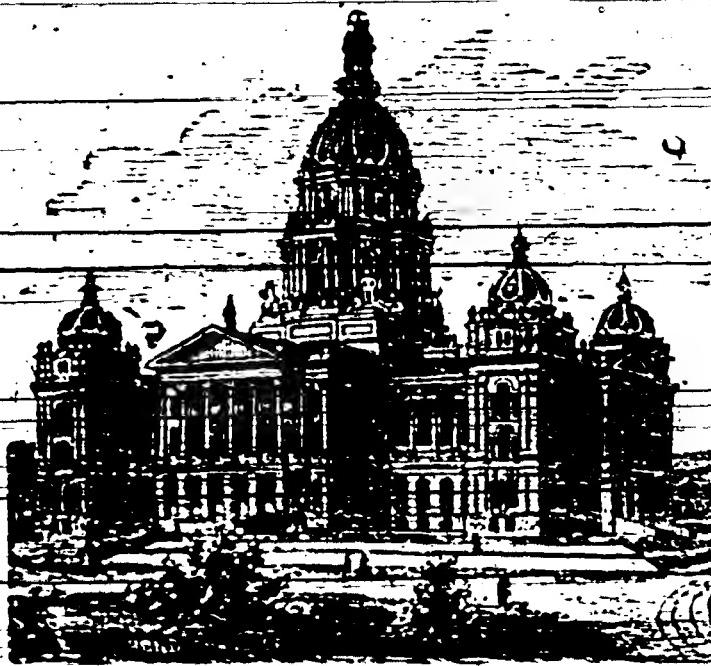

The property which is located on Fourth street above School, cost \$1000, and is now valued at \$1500, and is free from debt with the exception of \$75, which is provided for when due.

During the past year \$1400 have been raised by the citizens of Des Moines and the friends of the enterprise toward paying for the property and caring for the sick.

No patients are received having contagious diseases, but any and all who are sick, and have nowhere else to go, are cordially welcomed and kindly cared for. The medical treatment is given by the members of Polk County Medical Society. It is the desire of the present managers that the city should assume the charge of the hospital and enlarge its capacity for usefulness.

Rev. J. S. Jenckes, President; Mrs. A. B. Tracy, Secretary.

THE NEW STATE CAPITOL.

We are indebted to Hon. J. K. Powers, Register of the State Land Office, for the following very interesting description of the new State House:

There are few persons in the State who fully realize the magnitude and grandeur of this building, nor of the amount of material and labor necessary for its completion.

In the spring of 1871 the excavation for this building was begun, and since then it has slowly but surely risen until it now stands, on Capitol Hill, a lasting monument to Iowa's industry, wealth and liberality.

The style of the building is the Corinthian order of architecture, three stories high above the basement. The ground plan is in the form of a Greek cross with a pavilion at each of the four corners, on the north and south ends. The extreme length north and south is 360 feet, and the extreme width is 240 feet. The width of the east and west projections are 115 feet, and the north and south wings are 100 feet wide. The height from the basement to the top of the cornice is 93 feet, to the top of the roof 115 feet, and to the top of the main dome 275 feet. The basement walls are built of a strong crystalline limestone with a granite base course, and the walls above this are built of a buff colored sand stone, with trimmings made of a light blue sand stone. The contrast in colors is not great but pleasing to the eye, and the walls are so broken by projections, and the window and door openings are so diversified and yet so harmonious, that there can be no criticism. From a distance the building looks a little "flat" at present, but when

the central and four corner domes are completed, the sky line will be broken and much more pleasing; the four smaller domes are now completed, and we begin to see the effect as it appears in the "picture" or prospective drawing, which can be seen at any time at the office of the architects, in a building on the capitol grounds. The roof of the building appears to a casual observer to be everlasting; it is made of iron frame work, covered with porous terra cotta blocks, and on this is laid the heavy slate, bedded in pure cement and nailed fast; the gutters and down spouts are of copper, and the roof of the domes will be covered with copper also.

Thus it will be seen there is nothing in the top of this building where most destructive fires originate, to burn, and as the floors throughout the building are made with iron beams and brick arches covered with marble or eucostic tiling in most cases, the State will need to pay out nothing for fire insurance. Under the whole of the capitol is a cellar ten feet deep which will be used for the heating apparatus; the basement story, which is above the ground line, will be used for storage purposes; in the first story, which is 24 feet high, are all the apartments for the State officers, including the Supreme Court room and private room for the judges; these rooms are made easily accessible by a broad corridor running through the building from east to west, and one of less width from north to south. In the center of the intersection of these two corridors is the rotunda, under the dome, 34 feet in diameter and open from this floor to the top, a distance of 250 feet. There are four broad stairways from this floor to the basement, and four to the story above and leading on to the attic. In addition to these there is the grand stairway in the east corridor leading to the floor of the House and Senate chamber and State library room. There are also two elevators in the building extending from the basement story to the attic.

The floors in the corridor, the wainscoting and main stairway will be made of marble; the other two stairways will be of iron, and the finish throughout be made as nearly fire-proof as possible. The second story will be devoted almost exclusively to the General Assembly. On this floor is the Senate chamber, 38x91 feet and 42 feet high; the House of Representatives, 75x91 feet and 45 feet high; the post office, and sundry rooms for clerks, committees, &c., besides the State Library, 52x100 feet, and capable of holding 150,000 volumes of average size. In the third floor are the galleries to the House and Senate chambers. All of the interior work, we understand, is to be finished in keeping with that already done, which is good, and

will do credit to the State, and to those having the work in charge.

The estimate for the completion of the work is \$733,067.00, making the total cost of the building \$2,250,000.

Thus far the work has been carried on by the State (for no contracts have been let except for material) without going in debt, and without increasing the levy of two mills on the dollar, which has raised the revenue of the State for so many years past. It is expected that the four corner domes or turrets will be completed this year, and the building will be completed so that the State officers can move in the fall of 1881, and the Legislature meet there in January, 1882.

RAILROADS.

There are about thirty different railroad companies in Iowa, some of which have several branches, and the number of miles traversed is about five thousand, so that our State has become a network of tracks in all directions, and the outlook for new lines is better at present than it has been for years. It is estimated that there are about twenty thousand persons in the employ of the various companies in Iowa at this time; so there are about one hundred thousand of the population of Iowa who derive their support from the railroads in the State, receiving about \$8,000,000 annually as wages.

It is plain to be seen then that our railroads sustain a very important relation in an industrial way to the people of Iowa, and contribute largely to the general prosperity.

In August, 1856, the first railroad reached Des Moines; now we have five, and two more will be in operation within a few months. Others are partially graded and one—the St. Louis line, an extension of the North Missouri, by way of Albia—will probably be in operation within a year.

No other city in the State is to-day so favorably situated as Des Moines so far as railroads are concerned. The growth of the city has been very rapid since the advent and opening of the railroads, which converge here from every part of the State, freighted with the various products of the richest agricultural region of the world, making the city the convenient market place for a large number of flourishing towns and villages.

Other cities for a long time have sought to become each the great railroad center of Iowa, and several cities of the State seemed to be courting the glory; but to-day it is confidently believed that Des Moines at no distant day will become the great railroad center of the State; will be to Iowa what Indian-

apolis is to Indiana. Indeed, all portions of the State are looking to Des Moines as the future metropolis of the great State of Iowa.

CHICAGO, ROCK ISLAND AND PACIFIC.

This road is one of the greatest (if not the greatest) lines across our State, connecting, as it does, at Council Bluffs, with the Union Pacific. It will compete with the eastern roads in transportation of freight and merchandise. The growth of commerce and trade of the west demand that this road should rank among the first in the land.

The road is kept in excellent condition, the rolling-stock is always up to the mark, and the comfort of its patrons is always carefully looked after.

The Chicago, Rock Island & Pacific railroad will this year replace some forty wooden bridges on their various branches with an equal number of iron ones.

The report of the president shows that the aggregate number of miles of road owned or controlled under lease by the company at the close of the fiscal year, was, including the Keokuk & Des Moines division, 1,231 miles, 825 miles of which are in Iowa.

The rapidly increasing passenger business has necessitated increased facilities and accommodations; and to meet the wants of travel, this Company are running a line of Palace Sleeping Cars between Chicago and Des Moines, in addition to their present system of through cars to Peoria, Council Bluffs, Leavenworth and Atchison.

H. E. Royce, the Division Superintendent, office at Des Moines, is a gentleman of ability and experience, and looks well to the interests of the road, and is highly esteemed by the citizens and business men of our city. (See the card of the company.)

DES MOINES, INDIANOLA AND MISSOURI.

Active measures are now in progress likely to lead to the speedy extension of this road across the east and west trunk lines of Southern Iowa to a speedy connection with the great railway system of Missouri. This is a branch of the Chicago, Rock Island and Pacific Railroad, and may well be considered of importance to Des Moines.

DES MOINES, WINTerset AND SOUTHWESTERN.

This is also a branch of the Chicago, Rock Island and Pacific Railroad. Its business has been very large, and its advantages to Des Moines are everywhere recognized. It is expected this branch will soon be extended southwest.

KEOKUK AND DES MOINES.

This road is in a better condition than ever. It is now a branch of Chicago, Rock Island and Pacific, and is being put in first class order in every particular. It is doing a larger business this year than ever, and is very important to Des Moines.

CHICAGO AND NORTH WESTERN, AND THE DES MOINES AND MINNEAPOLIS.

The North Western, like the C., R. I. & P., is an immense corporation. It is said that it runs and controls as many, if not more miles of road than any other company in America, and everything is kept in perfect order, first class in every respect. The gentlemen having the management of this road are evidently men of experience in railroad business.

The Northwestern now operates 489 miles in Illinois, 425 miles in Iowa, 504 miles in Wisconsin, and 197 miles in Michigan, a total of 1,516 miles. It also has a proprietary interest in the following roads: Winona & St. Peters Railroad and branches, 400 miles; Iowa Midland Railway, 68 miles, and the Northwestern Union Railway, 42 miles. The whole number of miles now operated by this great corporation is 2,154.

Des Moines is fortunate in this addition of the Chicago and Northwestern Railroad interests. The Northwestern have leased the Des Moines and Minneapolis narrow-gauge road, which will be reorganized, and the track from Ames to this city changed to broad-gauge, giving the Northwestern entrance to this city. The northward narrow-gauge route will be extended, and the road built to Minneapolis as a feeder.

The result of the reorganization, on the whole, will be beneficial to Des Moines, and the cars of the Northwestern road will be in Des Moines before long.

A broad-gauge will be laid from Ames to this city, thirty-eight miles, giving the Capital a direct road to Chicago, in competition with the Chicago, Rock Island and Pacific and Chicago, Burlington and Quincy, and from present appearances the Northwestern will run cars in here before the Chicago, Burlington and Quincy, although the latter are pushing ahead fast from Knoxville. So that, if we lose the narrow-gauge road, we gain one of the best and most extensive roads in the Union.

CHICAGO, BURLINGTON AND QUINCY.

The Des Moines and Knoxville road having passed into the hands of the C. B. & Q., men and teams are doing all that can

be done to complete the road to Des Moines early this next fall. This is built as an extension of the C. B. & Q. road, and so brings that corporation, with its thousands of miles of road into the service of Des Moines. They can succeed in doing this and they will. Their efforts have been constantly directed to this end and they will not relinquish it. The line is a popular one, and will be a trunk line to Des Moines that will always remain a competing line against any and all other roads we have now. The road will be built in a manner entirely protective of Des Moines interests, present and future. This will be of itself good news to Des Moines, for it settles the future greatness of the place as a railroad center and manufacturing point, and there will have happened to Des Moines the best thing that has happened to it since it got its first railroad. The Company have already bought depot grounds, on Elm street, between First and Fourth, where they will erect the passenger and freight depots. The road in every way will be put on a first-class footing. Express trains will be run from Des Moines to Chicago in full competition with the C., R. I. & P. and C. & N. W. railway lines. When this line is completed we can go to St. Louis as well as Chicago without change of cars. See the card of the company elsewhere.

DES MOINES AND FT. DODGE

This is the most important north and south line in the State. The business of the past year shows the wonderful advantage of the road, not only to Des Moines, but the entire State, as it connects with the lines running east and west. The above named road has been of most practical benefit to our city, and we must say that the citizens and business men realize it.

The company proposes an extension of the road north to a connection with the Milwaukee and St. Paul road. This will open up the trade with the pineries, and also furnish a market for the immense coal mines of Des Moines and central Iowa. The company's general offices are in Des Moines. C. N. Gilmore general Superintendent, and Geo. W. Ogilvie, general ticket agent, know how to manage a railroad successfully, being men of ability and experience in railroading.

COMING TO DES MOINES.

SUGGESTIONS THAT APPEAL TO THE INTERESTS OF DES MOINES BUSINESS MEN AS WELL AS THE PRIDE OF OUR CITIZENS.

The prospects of Des Moines in the railroad line this year are the most cheering, and it is not at all unlikely that by next

Bushnell's Des Moines City Directory.

year, this city will have more railroads than any other city west of the Mississippi river.

The amount of railroad building actually going on in the central, western and northern part of the State is immense, and the long needed facilities being supplied.

There is no reason in the world why Des Moines, situated in the center of the foremost State in the west, should not become as great a city, in wealth and population, as either Indianapolis of Indiana, or Columbus of Ohio. In order to attain such a position, it is only necessary that her whole people act in concert in securing railways leading out east, west, north and south, tapping other lines already constructed that will bring them in connection with the markets of the Union. Situated in the valley of the Des Moines river, which abounds in timber and coal, it ought to be, and will be, if her business men say the word, and have sagacity enough to utilize the resources that nature has placed in her hands, a great manufacturing city, and then with a system of railways leading out in all directions, it would become one of the best distributing points of the northwest.

MINNEAPOLIS TO BE CONNECTED WITH THIS CITY BY RAIL
THIS YEAR.

In the St. Paul *Pioneer Press*, is the following news of interest to Des Moines:

"We are enabled to make a very gratifying announcement this morning, and one of interest and importance to St. Paul as well as Minneapolis. The management of the Minneapolis & St. Louis Railway Company has fully decided upon the immediate extension of their road from Albert Lea, the present southern terminus, to Ft. Dodge, Iowa, a distance of one hundred miles. The Minneapolis & St. Louis company have not only decided upon this extension, but have made all necessary preparations to crowd the work to an early completion this season. The necessary funds have been provided for, the iron has been purchased, and the entire work will be put under contract at once, with the determination that the Ft. Dodge extension shall be completed and the cars running between that point and Minneapolis before the snow flies. This will bring the immense coal fields of Iowa within 250 miles of Minneapolis and St. Paul, and will give the Minneapolis and St. Paul road connections at Fort Dodge with the Illinois Central railway, and the Des Moines and Fort Dodge road leading to Des Moines. It is an important gap to fill, and Minneapolis has every reason to congratulate herself upon the fact that it is to be done so speedily."

- This will give Des Moines direct and speedy access to Minneapolis and Minnesota, and enable us to establish a system of exchanges with that State—exchanging our coal for its lumber. This is something both States long have needed, and now that this is to be had both States will be the richer for it.

All of which will be a further incentive to the Chicago, Milwaukee and St. Paul to push its Western Union division to this city from Marion, a project now being worked up by able and wide-awake people.

MILWAUKEE, MARION, MARSHALLTOWN AND DES MOINES.

The Marion Register says:

For some time the people of Des Moines and Marshalltown, the two principal cities of Central Iowa, have been quietly canvassing a project for the extension of our Milwaukee railroad to the capital of the State, and, as will be seen by articles which we copy to-day from the papers of those cities a meeting has been held and preliminary steps taken to carry out the design referred to. A glance at the map will show that it is the best unoccupied field in the State for a road, and the interests that will be subserved by its building are certainly of sufficient importance to at once attract the attention of the officers of the M. & St. Paul Company and secure from them a friendly and efficient cooperation in the speedy construction of the road. The country through which it will pass, between this city and Marshalltown and thence to Des Moines, is beyond question the finest agricultural section in the State, richly improved, densely populated, and will furnish the road when built with a far better paying business than was secured by the Northwestern or the Dubuque and Sioux City when those roads were constructed westward across the State.

The project is a good one, a feasible one, and could be worked up and made successful if the people interested would only take hold of it—and it would give to Des Moines and Central Iowa direct connection with Milwaukee and another line to Chicago.

DES MOINES, ADEL AND WESTERN.

This line is finished to Adel and is being pushed rapidly forward. The company has purchased the right of way from Waukeee to the Missouri river, and the outlook for the speedy completion of this road is now very flattering. The subscribed stock has been assessed fifty per cent, and the money paid, so that the road is now assured.

DES MOINES AND MISSOURI RIVER.

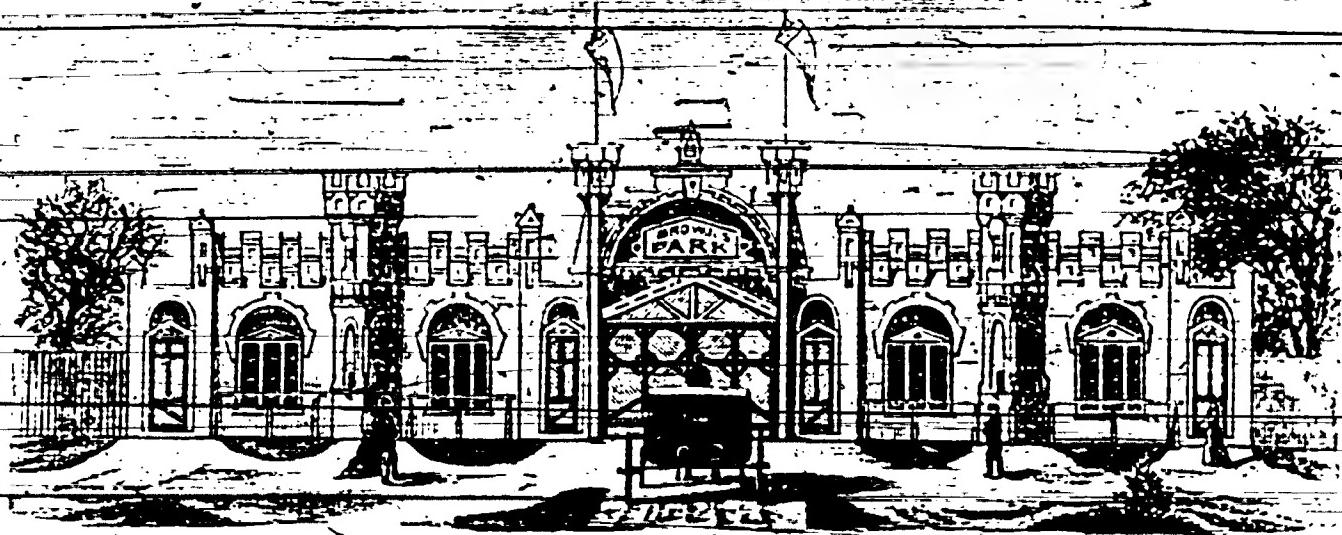

The organization of this railway company has now been fully perfected,—the articles of incorporation having been filed with the Secretary of State. The Board of Directors is composed of the following named gentlemen: J. M. Tuttle, W. M. Jones, S. D. Nichols, Thos. Hatton, Jr., E. M. Ford, J. B. Heartwell, J. W. Mills, L. A. Grant.

The following are the officers of the Company:—
President, J. M. Tuttle, Vice-President, W. M. Jones, Treasurer, Thos. Hatton, Jr., Secretary and Chief Engineer, C. J. Moore.

Surveys of the different routes will be commenced under the direction of President Tuttle and Engineer Moore. The work will be pushed forward with all possible despatch. Money has been contributed liberally to pay the expenses of the preliminary survey. There is an intense anxiety throughout all the country interested, and work will be very lively along all the proposed routes from this on. There are three routes talked of, and any one of them would be a good one.

Other projected lines are spoken of, and we would not be surprised to see them speedily pushed forward. All Iowa is anxious to reach Des Moines by rail, already the great railroad center of the State.

IOWA STATE FAIR,

Main entrance to the State Fair Grounds. Substantially built of brick and stone, thirty feet high and eighty-four feet in length.

To be held on September 1st, 2d, 3d, 4th and 5th. Officers: President, F. L. Downing, Oskaloosa, Mahaska County; Vice-President, C. F. Clarkson, Des Moines, Polk County; Secretary, John R. Shattler, Fairfield, Jefferson County; Treasurer, J. G. Rounds, Des Moines, Polk County. Address the Secretary at Des Moines, after Aug. 10th, 1879.

DES MOINES WILL DO HERSELF HONOR.

The State Fair for 1879 will be the greatest industrial exhibition Iowa has ever held; greatest in the arrangement and elegance of its grounds; greatest in the display of products, stock, machinery and arts; and greatest in its orators and attendance. The executive committee are untiring. The city of Des Moines has put her shoulder to the wheel, and all Iowa must move.

The people of this great State ought to meet once a year, and there is no better place than on the fair grounds.

The location is extremely favorable for an exhibition of the best products of all the various departments of agriculture, and for a full attendance of farmers from every locality with the best trophies of their skill.

The buildings being put up on the Iowa State Fair Grounds are of a class to last for ages, and not of the sort to fall to pieces by their own weight.

For the first time in the history of the State Agricultural Society, is the annual fair to be held within easy reach of all parts of the State. The people all over the State should make it a point to make calculations to attend this fair. Already are the grounds in such a state of preparation as to warrant us in saying that for beauty and harmony of arrangement they are to far surpass any grounds ever used as fair grounds before in this State. All the halls are to be of the most beautiful and tasteful models. The grounds themselves and the arrangements of the necessary buildings and offices will well repay the trip to see them alone, to say nothing of what they will contain.

The grounds belong to Mr. T. E. Brown, and he intends to make it so attractive that he can make it useful, and in various ways remunerate, to recompense him for his large outlays. The grounds are artistically laid out with carriage ways and walks in good style, and ornamental entrance and exit gates. The roadways are fenced to prevent trespass upon the lawns. The entire grounds have a tight board fence eight feet high. There are sixty acres in this enclosure, and there is to be ten acres of camping ground outside. There is already on the grounds a half-mile track which is to be fenced on both sides.

The grounds are ample, tasteful and convenient. Mr. Brown has a first class architect, Mr. B. J. Bartlett, employed, and all the buildings are to be in artistic style, of which Mr. Brown has given assurance to any one who has seen the improvements in his new addition of the city of Des Moines. It will be a desirable place of resort and recreation as a park.

MAIN HALLS.

There are five large halls, as follows: Fine Art Hall, Floral and Fruit Hall, Vegetable Hall, Mechanical Hall and Power Hall. These halls are to be of the following dimensions: Fine Art Hall, 40x140 feet, with two wings, 40x50 feet each - in the shape of a Greek Cross. The Fruit and Floral Hall 32x100, with two wings 32x50 feet. Vegetable Hall 32x100, with one wing 32x50. The Mechanical Hall of ample size. Power Hall, size and style to be under direction of Committee; but to contain engine, boiler, shafting and pulleys.

All the foregoing halls are provided with tables, platforms, railings, etc.

OTHER BUILDINGS.

There is a building on each side of the main entrance gate, one for the treasurer and the other for the superintendent of gates and tickets. The office on the grounds for the President and Vice-President, 14x30, in two rooms, with veranda in front.

six feet wide, furnished with tables, chairs, lights, two beds and bedding, stove, fuel, and to be under the care of a faithful steward. There is a Secretary's office, 36x24, with a wing 18x32, with a veranda on front and sides six feet wide.

JUDGES AND REPORTER'S STANDS.

A judges stand, octagon in shape, sixteen feet in diameter, two stories high, with flag and flag-staff. Also, a reporter's stand near by, supplied with seats and tables. There is also to be a comfortable room supplied in some other building for the headquarters of visiting editors and reporters, where they can meet and prepare their reports.

HORSE AND CATTLE STALLS.

There are 315 horse stalls built on the grounds—125 of which are single stalls 6x11 feet; 75 double stalls 8x12, and 75 open stalls. The first 200 close stalls, with door, and hasps for locks. There are also 40 stalls for jacks and mules. All these stalls are covered with board or shingle roof, and each stall numbered in large figures. Also 200 cattle stalls, and more if necessary.

HOG AND SHEEP PENS.

There are built 250 hog pens, 8x8, well floored and roofed, and supplied with troughs, doors, etc., and 10 sheep pens, 8x8 with troughs. All the hog and sheep pens are numbered in large figures. There is also a poultry (covered) stand ample enough to accommodate 500 coops.

Good wells are dug on the premises, and barrels are placed at different places and kept supplied with ice water and cups. And if necessary, Mr. Brown will keep the main thoroughfare from the city to the grounds well sprinkled. Also water troughs for stock are to be supplied with water.

DINING HALL AND AMPHITHEATRE.

The dining hall is 40x80 feet, with door. The amphitheatre with a capacity to seat six thousand persons, with a promenade on top, is closely boxed on the under side, and the lower floor used for booths, divided off in sixteen feet rooms, the front hung with doors in a way, when raised, to form a roof, and so arranged as to be tightly and securely closed at night, and the whole covered with a shingle roof.

The fair ground is fixed up as a permanent thing whether the State Fair is continued here or not. In this enterprise the

city of Des Moines will be indebted to the liberality and enterprise of Mr. Brown.

STATE FAIR RACES.

~~\$4,300 EX-PURSES.~~—The Iowa State Agricultural Society, at their annual fair from September 1st to 5th inclusive, propose to offer \$4,300 for trotting and running races, the entries to close August 27th.

~~THE PREMIUMS OFFERED FOR EXCELLENCE IN INDUSTRIAL WORK BY BOYS AND GIRLS.~~

A new and excellent feature of the State Fair, to be held in Des Moines the first week in September, is the large number of premiums, amounting in the aggregate to several hundred dollars, to be contested for by the boys and girls of Iowa. A separate department will be provided especially for the class of accomplishments to be exhibited in this line, and there ought to be lively competition from all parts of the state. This is the first time this feature has been introduced into our State Fair, and we do not think it has been adopted by any other Fair.

GIRLS' DEPARTMENT.—No entries can be made in this class by girls over fourteen years of age.

BOYS' DEPARTMENT.—Entries in this class must be made by boys who are under sixteen years of age.

The C., R. I. & P. R. R. are building a track from their road to the Fair Grounds, and will run regular and frequent trains from the city during the Fair, so ample as to take all the passengers at very reasonable rates. In this and other matters connected therewith, that company has been liberal in action.

STREETS AND AVENUES.

The city has widened the grade of the west end of Sycamore street, to the west limits of the city. From the west side of the city to the Fair Grounds a grand boulevard one hundred feet wide, has been nicely graded, and there is to be a street all round outside the Fair Grounds, thus giving free and pleasant access.

There will be a decided advantage of trade offered to all who come to Des Moines. That in itself is not a little circumstance. Fare will be cheap to Des Moines and all who visit us may rest assured they will be more than compensated for the outlay by the bargains they can get from our merchants. Visitors from abroad are assured that the whole city of Des Moines is behind this enterprise and every expedient known to enterprising merchants will be used to attract and amuse the thou-

sands expected. Many merchants are in the east purchasing goods with a view to an immense trade this fall. They have gone to buy cheap and propose to sell so as to establish reputations throughout the length and breadth of the State.

We learn through the officers of the State Society that the prospects for a complete and satisfactory State Fair were never more promising than at present. The grounds have been fitted up in first class style, and very convenient; water will be abundant; forage of the best quality secured; the track has been put in excellent condition; everything has been done to make the Fair valuable to exhibitors, and profitable and pleasant to visitors. The premiums are on a liberal scale, and every effort will be made to give satisfaction.

The preparation is only commensurate with the resources and pride of the Capital City, of Iowa, and what is demanded by Western Enterprise and Industry, that will be exhibited.

BUSINESS REVIEW.

EMBRACING ADVANTAGES OF LOCATION; BUSINESS AND TRANSPORTATION FACILITIES; COMMERCIAL, MANUFACTURING, AND JOBBING INTERESTS; HOME INSURANCE COMPANIES; NEWS PAPERS, HOTELS, BANKS, BUILDING ASSOCIATIONS, IMPROVEMENTS, AND FUTURE PROSPECTS. BUSINESS MEN, ETC., ETC., ETC.

Iowa is a most inviting field for capital. It is more inviting, presents more advantages to capitalists, than the capitalists of the country have yet been brought to discern. Our rich fields open to view, and prove to men of money that here are superior inducements for investment.

We have run a remarkable career, and attained to a proud and enviable position in the list of agricultural states. Generous as our soil is, in yielding a bounteous wealth at the touch of the plow, it repays the farmer no more liberally for his labor than the manufacturer would be rewarded for his, if he would but wisely use the superior location and resources he here would find.

If the history of the growth and development of western towns and cities teaches anything, it is this: that in the growth of cities, as in everything else, the saying holds good that "Providence helps those that help themselves." Those who wait for

something to turn up, who wait for improvements to come at their own accord, generally have to take it out in waiting.

Among the several cities of Iowa rivaling each other in rapid growth and solidity of prosperity, Des Moines now claims for itself indisputable pre-eminence. This proud claim, however warmly contested by other localities, certainly has basis in facts that may well challenge careful attention by the traveler. Rarely indeed can be record possession of position and surroundings, by a city site, of natural advantages and attractions, excelling or equalling those so richly bestowed upon our city.

Des Moines has water power enough to run all the machinery that would be necessary in manufacturing; and in addition there is coal in such great abundance that manufacturing establishments can be erected anywhere in the city and run at comparatively little expense. Every year is adding to our knowledge of, and attesting the importance of our vast coal deposits. Des Moines, in a word, has all the advantages and surroundings that are requisite to make a great city. It is safe to say that more Eastern capital is to-day looking toward Des Moines for investment than toward any other Iowa town.

In regard to railroad facilities but few cities of the west are better provided for. We recognize the fact that the railway possesses an unlimited power for usefulness, and nothing contributes more rapidly to the wealth of a country than the iron horse.

We have spoken of the various roads previously, but would add here that we do believe the time is not far distant when Des Moines will be the great railroad center of the northwest, as with almost every rising and setting of the sun our city takes an important step towards material greatness.

Viewed in the light of these facts, Des Moines possesses no ordinary interest; and he who studies the situation disinterestedly, will not undervalue its importance, or ignore its well-grounded hopes of future prosperity and greatness. It cannot hope to rival Chicago, or eclipse San Francisco, but it may reasonably expect to be the metropolis of Iowa.

IMPROVEMENTS.

It would require more time and space than we can now devote to the subject to enumerate the improvements and additions made during the past season. A large number of substantial and commodious business blocks, and costly and elegant residences have been erected; while the smaller homes built for and by our mechanics are almost innumerable. The Building associations, (which are given elsewhere,) have contributed largely in aiding our laboring classes to secure homes.

East and West also South Des Moines have been alike prosperous. The low rates of building material the past year or two has greatly aided us. Real estate in Des Moines is a good investment. There is now a prospect that our city will be more prosperous the coming year than ever. The new railroads that will be completed, the freeing of our bridges from toll, (which will make our city one in all her interests,) and the completion of the new capitol, together with the many improvements now in progress will add largely to our property the coming season.

We should make special mention of the improvements made (in what is called Brown's Addition in the northwest part of the city near Cottage Grove,) by Mr. T. E. Brown the past year, who has erected many fine residences and laid out the streets and blocks in first class style; which includes some of the finest residence sites in our city.

We learn from our builders and contractors that there will probably be an unusually large number of business blocks and dwelling houses erected the coming season, which will be one of unusual activity in building, and will witness a large and rapid growth to our city. Few cities in the west can present more actual progress than Des Moines.

The business of Des Moines has of late been most marked in the direction of its wholesale trade and manufactures. In dry goods, clothing, notions, boots and shoes, furniture, saddlery hardware, tinware, hardware, crockery and glassware, tobacco and cigars, and doors and blinds, there are wholesale houses whose customers are to now be found at all-points west, north and northwest. Several of these are large establishments that would be no discredit to such cities as Chicago or St Louis. These houses have so energetically and successfully pushed their respective lines of trade, that not only a large part of Iowa, but Nebraska, Kansas, and the Territories are supplied with goods from our market.

The principal manufactories are furniture, foundries and machine shops, brass works, boiler works, plows and cultivators, wagons, carriages, sewer pipe, drain tile woolen mills, marble works, barbed wire fence, scale works, spice mills, hominy mills, flouring mills, oat meal mills, file works, broom factories, and many other smaller industries too numerous to mention, all of which are in a prosperous condition.

PACKING HOUSES.

Des Moines ranks among the most extensive pork packing cities in the Union, and our establishments equal in extent and

capacity some of the largest houses in Chicago and St. Louis. The amount of bulk meats shipped by Des Moines establishments yearly is simply immense.

BANKS.

The banking institutions of Des Moines contribute much to sustain business enterprise in our midst. The solidity of the banks is a fair indication of the prosperity of the city.

The manufacturing and pork packing interests, together with many other worthy enterprises, have been aided and assisted by the accommodations they receive from the banking houses, and in no city in the west have the banks been found more ready to contribute towards any legitimate enterprise. Their officers and directors are among our shrewdest and wealthiest citizens, and it is with pride that we can say that our banks are sound and reliable. The following are our principal banking institutions. The Citizens National, Samuel Merrill, president, J. G. Rounds, cashier; Iowa National, H. K. Love, president, George H. Maish, cashier; Capital City, A. W. Naylor, president, William Christy, cashier; Des Moines, P. M. Casady, president, Simon Casady, cashier; Valley, J. J. Town, cashier; and the Bank of Iowa, Ira W. Anderson, cashier.

NEWSPAPERS.

No city in Iowa can show the same number of news papers and publications that Des Moines can, and certainly in proportion and extent of circulation no other city, we may say, of the same population in the country can make a better exhibit. Our dailies and weeklies are always filled with able editorials, spicy and full reports of all local occurrences, and contain full and reliable market reports. As advertising mediums they cannot be excelled. Each of the papers has also a job department where they do all kinds of printing. Our papers will always be found alive to the interests of Des Moines, and will in the future as in the past use their utmost endeavors to promote the wealth and prosperity of our city. The whole editorial staff are a wide awake and enterprising fraternity, and we predict for our leading dailies and weeklies a most prosperous career. The following are the principal papers: The Iowa State Register, daily and weekly, J. S. and R. P. Clarkson editors and proprietors; Iowa State Leader, daily and weekly, W. W. Witmer, W. H. Welch, and J. C. Kelly, editors and publishers; Iowa State Journal, weekly, John G. Blair and S. J. Loughran, editors, J. G. Blair business manager; Des Moines News, weekly, Aiton Bros. editors and proprietors; Plain

Talk, weekly, Bishard Bros. editors and publishers; Western Farm Journal, weekly, George Sprague editor, F. R. Sprague manager; Iowa Staats Anzeiger, weekly, (German and English) Joseph Eiboeck editor and proprietor, The Iowa Printing Company, auxiliary publishers of upwards of one hundred Iowa and Nebraska weekly papers, A. R. Fulton, editor, W. E. Andrews manager. This company has become one of the solid institutions of our city. They have recently erected a fine three story brick block, located just south of the Aborn House where they will be found furnishing ready printed sheets to the news papers of this and adjoining states. They will advertise for you at one cent per line per paper.

HOTELS.

Des Moines is noted for her fine hotels. If a commercial traveler arrives in a place and finds good hotels, well patronized, he knows that its merchants will make good customers; and he will conclude that the place is in a prosperous and thriving condition. It is an object with traveling men to make head quarters for the Sabbath at such places as have first-class hotels, thus it is that Des Moines hotels have a generous patronage over Sunday.

The hotel accommodations of Des Moines are equal to those of any city in the State, and furnished in as elegant style, and we may say better; while the tables are celebrated for always presenting all the luxuries the markets afford.

The principal houses are the Kirkwood, (formerly the Savery House) Bogue & Wyman, proprietors; Aborn, C. F. Wrightman manager; Capital City, C. E. Dean proprietor; Morgan, P. Morgan proprietor; International, William Zinsmaster proprietor; Given, L. Frantz proprietor; and the Monitor, P. J. McAtee proprietor.

HOME INSURANCE COMPANIES.

The home insurance companies deserve special mention. They are perfectly sound and reliable. As an evidence of this, we find them endorsed by our best business men and wealthiest citizens.

EQUITABLE LIFE INSURANCE CO. OF IOWA.—This Company was organized in 1868, under the very stringent Life Insurance Law passed by the legislature that year, which required companies organized under it to deposit in public securities with the Auditor of State the full amount of their insurance liability—a provision similar to that of the United States National Bank law which requires a deposit by National Banks for all notes issued by them and circulated as money.

It is only fair to state that the Equitable Life Insurance Co. is the only company that has fully organized under that statute and report its deposit of securities with the Auditor of State in excess of the sum required by statute from 20 to 40 per cent.: its present deposit being \$315,766.98 on a liability of \$246,099.16, twenty-eight per cent more deposited than the very stringent law requires.

The following figures, taken from official sources, illustrate its growth:

YEAR.	AMOUNT OF ASSETS.	AMOUNT OF RECEIPTS.
1868	\$126,945.58	\$ 49,295.12
1869	143,645.75	130,249.12
1870	166,686.99	17,617.07
1871	199,625.12	67,225.28
1872	231,865.69	96,026.40
1873	267,237.91	125,177.40
1874	297,215.72	153,865.08
1875	335,376.00	189,523.66
1876	384,644.18	223,726.75
1877	424,513.73	240,981.22
1878	450,976.41	246,099.16

The history of the Company is familiar to most of our business men. It has been managed with prudence and economy, has paid its losses of every character promptly, and made handsome returns in the way of dividends to its policy-holders, and its growth as shown by foregoing figures indicates financial strength and prosperity. Any one needing life insurance, and who does not, will get a policy absolutely secure in its final payment, at as low rates as any other legitimate company can furnish the insurance, and besides patronizing the only strictly life insurance company in the State.

The Equitable Life takes rank as one of the safest, most thoroughly solvent institutions in the land. It is now in its new home, Equitable Block, Fifth St., corner Post Office Place. Hoyt Sherman, President; J. S. Polk, Secretary.

STATE INSURANCE CO. OF DES MOINES. Among the many enterprises of the State of Iowa, none is more successful or deservedly more popular with the people than the above named company. It is wholly a State institution and managed by our own citizens.

It was organized fourteen years ago, and from a small beginning it has grown into one of the soundest and most reliable

insurance companies doing business in the State to-day. The company have built the past season one of the finest business blocks in the city of Des Moines. The block is on Fourth street, and is 44 feet front by 100 feet deep, and three stories high. The entire front of the building is made of Ohio Buff stone; a most beautiful and tasty style of material. The company occupies the north half of the second floor, where they are always at home ready to receive their friends.

The rest of the building is occupied by the Odd Fellows Hall, one of the finest in the State; United States Pension, and other offices, and Bird's mammoth dry goods house. The building is an ornament to the city and a paying investment to the company.

The fairness and promptness with which the losses by the late fire in the Garver Block were settled by this company should lead our citizens to place a fair share of their business with them, thereby keeping their money at home where it will do the most good and at the same time helping to build up a sound and reliable home company.

The officers of the company are:

Hon. John A. Elliott, President; F. M. Mills, Vice-President; Matthew Long, Secretary; Geo. H. Maish, Treasurer; L. S. Hazen, Adjuster.

HAWKEYE INSURANCE CO. OF DES MOINES. This Company was organized March 6th, 1865, with E. J. Ingersoll as president, James Callanan vice-president, B. F. Allen treasurer, and J. B. Tissin as secretary. The only change that has been made in its officers since its organization is that of treasurer and secretary; Samuel Merrit being its present treasurer, and A. Howell secretary, with W. C. Cole as assistant secretary.

As the company has been under the same management since its organization it has been enabled to profit by its own experiences. It possesses an ample capital, and its resources are constantly increasing. January 1st 1879, as per published statement by the Auditor of State, the assets were \$593,135.79. This company is taking the lead, in the amount of its assets, of other Iowa companies. The long and varied experience it has had has enabled it to determine from its own records what risks are desirable and what rates are adequate, and by its careful and prudent management and selection of risks, this company commands the respect of all regular companies and business men. In fact we think we can safely say that the Hawkeye commands and entertains the respect and confidence of all who know it or its managers, and is with our other home companies, the pride and admiration of our citizens.

The home office is in the Company's building, 205 and 209 Fourth street.

IOWA STATE MUTUAL BENEFIT ASSOCIATION OF DES MOINES, Incorporated under the laws of the State of Iowa. Organized April, 1878. Officers: John A. Nash, D. D., President; H. Monroe, Vice-President; B. C. Sewall, Secretary; John Wyman, Treasurer.

There are many men who would like to make some provision to secure to dependent and loved ones assistance and relief in case of death, who will not take out a policy in a life insurance company, and do not care to join a secret organization to secure the benefits of the Relief Associations to their families.

To all such the Iowa State Mutual Benefit Association of Des Moines, Iowa, of which Rev. John A. Nash is President, offers a safe plan. In this association none but healthy men and women are insured. The assessments are graded from one dollar for persons between 15 and 30 years of age, to two dollar for those between 40 and 65 years of age.

It is managed and patronized by leading business men in the State. Amount of death benefits limited to \$2,000.00 membership unlimited. No accumulated funds for others to invest, only losses by death to be paid, and those only when they occur.

Circulars and full particulars can be obtained of B. C. Sewall, Secretary, at the home office, 101 Parry's Block, Walnut street.

EDITORIAL NOTICES

EMBRACING THE PROMINENT BUSINESS HOUSES, MANUFACTURERS, AND LEADING ENTERPRISING BUSINESS MEN IN THE CITY OF DES MOINES.

Having given in a previous article somewhat of a general review of our business, manufacturing interests, etc., we now mention the leading business houses and manufacturers of our city. Please notice their advertisements; the index to which is given in the front part of this work.

There are other houses in the city we would be pleased to mention, but space limits us in our present publication to the following remarks. We hope however in our next work to have the pleasing task of noticing every person doing business in Des Moines.

Every line of trade is represented by men whose characteristics are such as warrant us in speaking of them in the highest terms of praise. Des Moines manufacturers and wholesale dealers are not afraid of rivalry with St. Louis, Chicago, or other eastern cities. Business in Des Moines rests upon a solid healthful basis; the trade aggregating millions of dollars annually. The immense trade that centers here is supported by the country for hundreds of miles in extent, reaching out into the territories beyond, and will continue increasing in importance.

We recommend and endorse our business houses as we do our city in general, believing that the advantages both natural and acquired by Des Moines and our merchants and manufacturers to be equal to and in some respects in advance of any city in the northwest. We commence with the well known house of

J. D. SEEBERGER. Wholesale and retail hardware at 422 and 424 Court avenue, where you will find one of the finest business blocks in our city filled from top to bottom with everything usually kept by any wholesale hardware house in the country. The building occupies an area 45 by 43.5 feet with three floors and basement; and has all the modern improvements of steam fixtures, elevators, and conveniences to supply the needs of his rapidly growing trade, which has given their house rank among the first and most extensive in its line, not only in Des Moines, but anywhere in the State.

The house of

R. C. WEBB & CO. Wholesale grocers, 101, 103, and 105 Third street, is deserving of special mention. It was founded in 1868 by R. C. and C. L. Webb, and since that time it has sustained for itself a widely extended reputation, having secured a large trade throughout Iowa and the northwest.

Their building possesses an area of 66x147 feet, two floors and basement, and is arranged for convenience and dispatch in receiving and forwarding goods by a switch of the C., R. I. & P. R. R., which runs directly in front of their building. They have constantly a full line of all goods on hand, and are prepared to fill orders at the shortest notice, and at prices that will suit the times.

They are doing a business per annum of upwards of \$1,000,000. The present members of the firm are R. C. and C. L. Webb, and C. C. Prouty.

TONE BROS. SPICE MILLS 207 WALNUT STREET. — The feature of interest, however, to the trade and interviewer, lies in the departments where they manufacture the "Tone

Bros. Baking Powder, roasting and grinding of coffees and spices.

That their Baking Powder is rapidly gaining favor throughout the northwest, is shown by their large increase of sales in this article. It has been pronounced by the highest authority, from practical tests and actual analysis, to be the very highest standard of quality in the market. In Ground Spices, which this firm has made a feature, are the standard grades of the market, and have gained for them an enviable reputation.

They are put up in the most approved manner, and are known to the trade as the leading spices in the market. A specialty is made of roasting and grinding coffee for the trade. In manufactured articles a specialty is made of *pure goods*. They wholesale these goods exclusively, and have secured a good trade throughout the west.

DES MOINES STEAM CRACKER FACTORY.—220 and 222 Second street, W. T. Garton, proprietor; is one of the necessary as well as successful business houses of our city. All kinds of crackers are here manufactured extensively for the trade, which is rapidly extending in all directions. No goods of the kind ever sold, excelled them, and they are becoming more and more popular at home and elsewhere, as they are introduced. Orders are promptly filled by this firm and satisfaction guaranteed. In connection with this factory we will mention

W. T. GARTON'S BAKERY.—Ice cream and oyster parlors, and lunch rooms, at 609 Walnut street, where will be found at retail everything usually made in a first-class bakery. Ornamental cakes for weddings, parties, and picnics, made to order, and supplied on short notice. He is also dealer in fruits, nuts, confectionery, cigars, etc. Free delivery of goods on both sides of the river. His trade is constantly increasing, and his patrons are always healthy.

COMPARET & STARK. Hardware, stoves and tinware: located at 315 Walnut street, have always a word of welcome for all. Their stock of shelf and builders hardware is complete, and they can set a man up in the housekeeping business in a few minutes if he will only call and examine their goods. They are also manufacturers of galvanized iron cornices. Their ability to do this work is only equaled by their stability as a square dealing business firm. Notice their store front as a sample of their work.

C. H. WARD & CO.—Wholesale druggists;—are one of the largest, if not the largest, in their line in the State. The success of this house is due to the thorough and comprehensive knowledge of their business in all its details. That they will succeed in holding the leading place in the future as in the past, no one can doubt who knows the principles on which their business is transacted. Their stock consists of the first quality of drugs, paints, oils, glass and druggist sundries. These goods are all classified to best utilize time in filling orders, a principle that is indispensable where such a labyrinth of goods are collected, while the most thorough system pervades the establishment throughout, which has an area of 25x120 feet, three floors and basement. The members of the firm are C. H. Ward, M. W. Ward and H. W. Sessions; located at 313 Court Avenue.

ROLLINS & LANGAN: Wholesale paper house at 203 Walnut. They occupy a building 22x145 feet, two floors and basement, which is stocked with all kinds of manilla wrapping paper; grocers bags, all grades of envelopes and stationery. They are also manufacturers agents for cotton bats, carpet warp, carpet felting, candle wick, cotton, hemp, and linen twine, woolen yarns, etc. etc. Also a full stock of paper collars. In fact there is nothing in this line of the wholesale trade that cannot be found at this house, and their experience, aided by the most thorough knowledge of the market and the trade which seeks their house, makes it one of the leading paper houses in the west.

W. K. BIRD. Wholesale and retail dry goods 221 and 223 Fourth street, is one of the leading houses in this line in Iowa. This house possesses a frontage of 44 feet and a depth of 100 feet, with a basement the same size. On the main floor we find, arranged in the most artistic and systematic manner, prints, shirtings, dress goods, silks, hosiery, notions, and the long line of goods known to this class of trade. In the basement can be found the heavy goods, such as brown, and bleached sheeting, duck, and the long line of domestics. There is not a department in the whole building which is not so arranged as to admit the utmost dispatch in receiving and forwarding goods. The offices, book-keeping, accountants and invoicing, receiving and shipping departments, are finished with an eye to the comfort of all connected with the house, as well as receiving customers or visitors.

L. MARBACH. Wholesale and retail furniture and carpets. It always gives us pleasure to notice the enterprise and

public spirit of our manufacturing interests. None has been more useful or beneficial to the great wholesale trade of central Iowa, or has given employment to a greater number of men, or put a larger quantity of money into circulation than the extensive manufacturing furniture house of L. Harbach. The factory building's and wholesale department are upon Second street; and the elegant retail house is located on Third street. Their retail stock is immense, filling the entire first, second and third floors of the Third street house. No finer assortment of furniture can be found west of Chicago, and the prices are such as to compete with and outsell many eastern markets. He has a heavy run on desks and office furniture, and is supplying central Iowa with a line of goods that do the house a credit both in taste and workmanship.

ROLLINS & WILSON CARRIAGE CO., 315 Seventh street. No more showy signs of profitable bustle, no surer indication of the pleasant home comforts and social enjoyments of our people can be inadvertently fixed upon than when the casual observer notices and remarks with pleasure in his way-side jottings, that we have in our capital city of Iowa, two of the most pleasant driving parks in the west, and at any time upon a fine afternoon you can count a score or two of the finest carriages known to the trade, all manufactured right here at home. Rollins & Wilson make anything that runs on wheels, and make it well, from a basket phaeton or top carriage to a heavy transfer wagon. They have a fine stock on hand; go around to their repository and look if you want a treat.

LOUGHREN & HILLIS — Foundry and Machine Shop. This responsible, well-established and energetic firm of machinists are always to be found at their works, near the Arsenal; on First above Walnut street bridge. Their work which is found all over the county, speaks more effectually in their favor than anything that can be said on paper. For flour and saw mill machinery, grain elevator works, or steam engines and boilers, they cannot be excelled in quality of workmanship or price of material. Everything warranted to give full and complete satisfaction, and to be just as per statement.

HILL & TETLEY Northwestern Brass Works, 100 Court Avenue. These industrious and stick-to-it-ive men have not, and probably never will say fail while they can find work to do and have muscle enough to fit it. They are located on the corner of Court Avenue and Water Street.

large, pleasant and commodious building which is well and popularly known as the Northwestern Brass Works. Their work is of the finest quality of material and mechanical execution. Give them a call.

IOWA BOILER WORKS—Grupe & Turner who have steadily but surely worked up a good trade, now occupy a splendid location of their own on the east bank of the Des Moines river. They are stirring fellows and excellent workmen, and are becoming very popular as boiler makers and manufacturers of sheet iron work. When you want repairing done call on them at their shops; north of the east end of Walnut street bridge.

JOHN HARTLEY—Grocer and Commission merchant, 306 Walnut street, is generally known as the Green Grocer, that is he sells vegetables of all kinds in their season, and manages to keep them most all the year round. Fresh fish and oysters, salt and dry fish and meats, foreign and domestic fruits, and fancy groceries are his specialties.

CAPITAL MILLS—B. C. White proprietor. Here is where you get the best bargains in good flour. By a new process they are manufacturing the best "Vine Process" in the country, and selling it wondrous cheap. The customer at the Capital Mills finds kind and courteous treatment, and is waited upon by the whitest miller in Iowa. Flour and feed for cash. Every body buys and comes again to White's Capital Mills, corner of Third and Elm streets.

IOWA CARBONATED STONE PIPE WORKS—S. B. Tuttle, Proprietor; corner of Seventh and Vine streets. The artificial stone and pipe made at the Carbonated Works is in many particulars superior to the natural article, and is much cheaper in first cost. The longer it is used the harder it becomes. It is cheaper than brick; more durable than stone; and less expensive than wood for any use to which it can be put. For draining, the city authorities recommend its use; and for general utility in building, everyone speaks in its praise.

WATT & COCHRAN—Wholesale Grocers, 423 east Walnut and 428 east Fifth street. That the grocery trade is second only in importance to that of dry goods, all are prepared to admit, and in this issue we must speak of the above named firm as among the leaders of this branch of business. The difficulty in procuring really choice and unadulterated tea has in

Bushnell's Des Moines City Directory.

duced this house to buy direct of importers its own supply of all the different kinds. Canned goods, pickles, sauces, and an exhaustless quantity of fancy groceries, foreign fruits and nuts, and all auxiliaries known as sundries, in complete lines, are carried in stock. One of their specialties is fine tobaccos and cigars. The house in 1867 established itself at this point, and has grown into one of the leading elements in the grocery trade of our State.

W. A. REED & CO. Saddlery Hardware, Leather, and findings. The business is conducted at 315 Walnut-street, and they are strictly in the fullest sense importers and jobbers of French calfs and kips, shoe findings, oak harness and sole leather, saddlery hardware, both foreign and domestic, including all grades and styles, lap robes, horse clothing, fly nets, whips, and the thousand and one things that go to make up a complete stock in this line. With abundance of capital, together with energy and perseverance, strict honesty, and fair dealing, no house has made further progress as to character and esteem than that of this firm, and their reward is their well-earned reputation and success.

JOHN M. KNIGHT Wholesale and Retail Millinery and fancy goods, has in stock a full line of millinery, also of silks, notions, zephyrs and varns of all colors, and fancy goods in endless variety. The styles and quality are always up to the standard of excellence, which characterizes their house. It is the oldest wholesale millinery house in the city: located at 127 Fourth street,

WEAVER & MAISH Wholesale and Retail Druggists, 422 Walnut street, are among the oldest and most prominent in their line. They are dealers in all kinds of drugs and medicines, paints, oils, varnishes, brushes, etc.; and make a specialty of window glass, being agents for the Crystal Plate Glass Co. of St. Louis. Special attention given to the compounding of prescriptions, day or night.

GEO. C. BAKER & CO. Wholesale and retail Hardware, stoves and tinware, fence wire, etc., 424 East Locust street. This firm is one of the most prominent and extensive houses in their line in Iowa. Their trade is extending in all directions. In their manufacturing department they are making especially of all kinds of tinware, and double and single barbed wire, which is equal to any in the market. Call and see their new barbed wood fence.

Bushnell's Des Moines City Directory

S. A. ROBERTSON—Contractor and Builder, office 215, Fifth street, has long been known as one of the heaviest contractors in Des Moines. Many of our finest residences and most substantial business blocks and public buildings have been built by him. He also deals in stone, lime, cement, plastering hair, fire and building brick, sewer pipe, etc., and is of the firm of Robertson & Willoughby, proprietors of the patent lime kilns and stone quarries near Earlham, in this State.

D. G. RHOADS—Slate and Asbestos Roofing, office 215, Seventh Street. He is representing the best Pennsylvania and Vermont slate quarries, and is prepared to roof all kinds of buildings. The new capitol, and many of our finest homes are being roofed by him. He is agent for H. W. John's Asbestos felt and paint roofing, which is practically fire-proof. Tin, iron, and shingle roofs may be covered with it.

CARVER & YOUNG—Planing Mills, 113 to 123 south Fifth street; manufacturers of and dealers in sash, doors, blinds, door and window frames, etc. They make square building specialty. Store fronts, counters, and shelving put up to order, all kinds of cabinet turning, scroll sawing, etc., done on short notice. This is one of the oldest and most extensive manufactures of our city, and their work is becoming well and favorably known far and near.

DES MOINES MARBLE CO.—A. G. Stein, president; F. P. Sawyer, secretary; office and works corner Locust and Seventh streets; manufacturers of and dealers in marble and granite monuments, and all kinds of cemetery work, marble, slate, and iron mantels. The company are doing an extensive business, carrying as large a stock as is found in the west, which enables them to compete with any in their line. They are pleased to show their work to any and all who may call.

M. W. LYNCH—Hardware, stoves and furnace, 121 East Sixth street, has recently purchased the stock of Ira Peleg, and has already purchased a stock of new goods, so that anything usually found in his line will be at hand and prices to suit the times. The manufacture of all kinds of hardware is a specialty. Job work of all kinds done in the neatest and cheapest possible manner. Call and see the new style residence "Black Fox."

MORRIS & HEPBURN—Dry-goods and notions, 120 and 208 Fifth Street, is one of the most complete departments of any house in their line in the city. Their goods are well and favorably known throughout the country.

Bushnell's Des Moines City Directory.

always see that their customers get what they want at prices as low as any. Call and see them and you will be satisfied that you get the worth of your money at this popular house.

REDHEAD & WELLSLAGER - Wholesale and retail book-sellers and stationers, 109 Court Avenue, occupy a three-story brick block and basement, one of the most complete and well arranged establishments of the kind in Iowa. Country dealers will find them with a full stock of everything in the line of books, stationery, wall paper, toys, fancy goods, notions, etc., and fully prepared to meet the wants of their large and rapidly increasing trade, at prices as low as are made by Chicago and other Eastern jobbing houses. With a trade already far reaching and constantly progressing, being the oldest book and stationery house in Des Moines, capital and energy being in their favor, we bespeak for them a highly promising and successful future.

CHARLES L. KAHLER & CO. Manufacturers of and wholesale and retail dealers in boots and shoes, 301 Walnut street, is the largest house in their line in the city, and we are of the opinion that there is no house in Iowa doing a more extensive business. They have a large number of men at work all the time, but in order to supply the demand they keep on hand an extensive stock of ready made goods of all grades, from the cheapest to the best, and are offering extra inducements to cash buyers. The house possesses every advantage that is held by the Eastern firms, and represents as well the highest grade of work from the Eastern markets. It has assisted in making a reputation for Des Moines as a boot and shoe market, which will never cease to accomplish good, and the success that has attended their efforts has been worthily won.

EWING, JEWELL & CHANDLER Lumber Dealers, corner Sixth and Cherry streets, have a full assortment of all kinds of lumber, lath, shingles, sash, doors, blinds, etc., and are prepared to fill all orders promptly and at the lowest market prices. These gentlemen are well posted in their lumber trade, having had years of experience in buying, selling and working up lumber. They have nothing but new stock, bought at the very lowest figures and shipped in because of the large quantity, at the very lowest prices. The gentlemen composing the firm are D. R. Ewing, George A. Jewell and E. L. Chandler.

SHANKLAND & LOCKWOOD At 202 Fifth street, successors to B. W. Morrison are dealers in staple and fancy groceries, teas, spices, flour and feed, wooden and willow ware,

Bushnell's Des Moines City Directory.

Fine tobacco, and cigars, and all other articles usually kept by grocers. They were with Mr. Morrison a long time, and became thoroughly familiar with the business, and favorably known to the people, and with the energy and ability they possess, they will remain in the first rank in their line.

GUST NEWLEN—Furniture dealer and undertaker, 115 East Locust street, manufacturer of and dealer in every description of furniture, bedding, window shades, curtains, picture frames, and moldings, and everything usually kept by furniture dealers.

GUTSTALL & PAGE Have opened a new cigar and tobacco store at 413 Walnut street. They have stocked it with the best brands of cigars and filled it with fresh and rare tobacco. It is a central and accessible place, and will no doubt have a good run of custom.

B. T. GILLETT Corner East Fifth and Walnut, is one of the leading merchant tailors in Des Moines. Our old citizens remember him formerly as the cutter for Mr. Dykeman. He has fine, first class goods and sells them as low as any. Give him a call.

HARTER & CLAUS 302 Walnut, dealers in staple and fancy dry goods, fancy goods and notions, cloaks, shawls and ready made suits, and everything usually kept by a first class dry goods house. Messrs L. Harter and S. M. Claus are old dry goods men, well and favorably known, and always see to it that their customers are supplied with the best, at prices the lowest. Call and see them.

A. FREEMAN Is the manufacturer of and wholesale and retail dealer in "Freeman's Indigo Blue," laundry bluing, baking powder, and agent for the best compressed yeast, also dealer in groceries, flour and feed. Ladies, try Freeman's Indigo Blue.

MOLINE AGRICULTURAL DEPOT. H. J. Sickles, agent, 200, 202 and 204 Court Avenue, representing Deere & Co.'s plow works, and Moline Wagon Co.; also Walter A. Wood reapers and mowers, and dealer in horse rakes, wood pumps, fence wire, etc.

TOM. BRADEN—206 and 208 Court avenue, dealer in agricultural implements, agent for McCormick's machines, the new Massillon threshers, Mitchell wagons, and Fairbank's scales, and dealer in corn planters, plows, harrows, cultivators, hay rakes, etc.

Bushnell's Des-Moines City Directory.

WYERS & CO.—China Hall, 529 East Locust street, deal in all kinds of china, glass and queensware, silver plated ware, cutlery, lamps, chandeliers, etc. Give the East Des Moines China Hall a call.

ALLEN & CO'S SHIRT FACTORY—87 east Walnut street, is the place to leave your measure for a No. 1 shirt. You will get a perfect fit.

CULLY'S STEAM DYE WORKS—87 east Walnut street, A. Cully, proprietor, is the place to have your goods of all kinds, made new. Cleaning, pressing, and repairing neatly done.

ANKENY BROTHERS—Central Oil Works, corner east Fourth and Vine streets, is one of the most extensive oil works in the west. They manufacture pure raw and boiled linseed oil, oil cake, and oil cake meal, and deal in screened and ground flax seed for druggists. They pay the highest market price for flax seed.

H. A. NOBLE—Wholesale shipper of butter and eggs, corner Market and Front streets, is one of the largest dealers in his line in the west. His shipments for the past twelve months has amounted to upward of one hundred thousand dollars, and his business is rapidly increasing.

LAMONTE MOTT—Grain-dealer, corner Second and Market streets. Here the farmers will secure the highest market price for their products. He is doing a large produce commission business, and makes a specialty of green apples.

M. RIEGELMAN & CO.—Wholesale and retail dealers in millinery, fancy goods and notions, Berlin zephyrs, yarns, etc. at 419 Walnut street, is one of the oldest and best established houses in their line in the state, and their jobbing trade is rapidly extending in all directions.

MASON & CO.—Wholesale tin house, 220 Court Avenue, manufacturers and dealers in everything in the tinware line. They are the patentees and manufacturers of the "Hawkeye Lantern," said to be the best lantern made; and are the patentees and manufacturers of the best stove pipe in America. The house has been established here since 1859, and occupies a building 24x60 feet, three floors and basement. They have always at the service of their trade a complete assortment of plain, japanned and stamped tinware; in short all the paraphernalia essential and suited to the wants of their many customers. Tin plate and tinner's stock form a heavy proportion of their busi-

Bushnell's Des Moines City Directory

ness. Their trade extends through Iowa, Nebraska, Kansas, and Utah, and they are carrying one of the most complete stocks in trade in this city, in the line of this industry.

DES MOINES SPITAL DYE WORKS D. L. Matchlar, proprietor, corner Locust and Third streets, has had many years experience in his line, and is prepared to do as good work as any house in the west. Gent's clothing, silks, silk velvets, dress goods, kid gloves, plumes, etc., dyed without injury to the texture, and warranted not to crock, and to give perfect satisfaction. Mr. Matchlar is the patentee of a process by which he can restore the color to furniture without removing the upholstering, and green and other sets are made into the fashionable shades.

W. REED 212 Third street, manufacturer of and dealer in plain and ornamental furniture, has had an experience of many years and is competent to do all kinds of work that may come into his hands. Office and library furniture, also furniture for banks, churches, etc. made to order; also repairing done in first-class style at the lowest rates. Our citizens will remember him as the foreman for the past five years of the furniture rooms of C. & L. Harbach.

A. R. PAUL Manager for the Singer Sewing Machine Co., office at 215 Fifth street. Here you will find a large number of all the different kinds of the "Genuine Singer," and from the large number of machines going in and out of their office, we may conclude that their machines are the best and cheapest. Much, however, of the success attaining this agency, here, is due to the fact that they are represented by one of the most energetic agents found anywhere, who has had a long experience in the business, and is popular with our citizens.

DR. M. W. THOMAS' MEDICAL AND WATER CURE INFIRMARY 301 Fourth street, will be found one of the best arranged institutions in the west for the treatment of nervous and chronic diseases. All deformities treated successfully. Deafness cured and eyesight restored, piles cured without the knife, cancers cured, the successful treatment no longer a myth, for the Dr. treats them successfully without the knife, tape worm removed in a short time, catarrh, consumption, rheumatism, and kidney diseases cured; diseases of women a specialty, under the care of Mrs. Dr. Thomas. Try a Turkish or Electric bath, two of the best remedial agencies known to science. Call and consult the Doctor.

H. POWERS & CO. Grain and commission dealers, office

room No. 11 Youngerman Block. This is a new firm in our city, and their business is opening up finely; market reports are received by them every thirty minutes during Board of Trade hours, call and see them free. These reports are of great benefit to our business men, as they have the advantage of the prices as rated on Board of Trade in Chicago.

H. MONROE—Clothing and gent's furnishing goods, 711 Walnut street, is one of the oldest clothing houses in Des Moines, and is known as the one price clothier, has always on hand the best line of boy's and men's clothing, hats, caps, gloves, etc., at prices as low as the lowest. Measures taken and suits made to order. Special attention given extra sizes. Call and examine his goods.

A.L. GREEF—Grocer, 312 Walnut street, dealer in staple and fancy groceries, provisions, vegetables, fruits, wooden and willow ware, and everything usually kept by a first-class grocer. His motto is "square dealing" with all.

DES MOINES ICE CO.—Wm. Grie, proprietor, office 312 Walnut street: ice delivered to all parts of the city. Our citizens should remember this company especially for their doing so much last season to supply the demand for ice when it was so difficult to obtain.

THE KIRKWOOD (Formerly Savery House) Bogue & Wyman, proprietors, corner Fourth and Walnut street, has been most thoroughly repaired, \$10,000.00 having been spent this year in repairs and improvements, and has been newly furnished throughout with the best of furniture, making it one of the finest hotels west of Chicago. The Kirkwood is first-class in all that the term first-class implies. The house is not only elegantly furnished and fitted up with modern improvements, but the tables are supplied with all the market affords. C. D. Bogue and John Wyman are men who thoroughly understand the hotel business.

THE DOTY TANNING CO.—Office and tannery 311 and 313 east Locust street, are the owners of the Doty process of tanning. The tannery is one of the most promising manufacturing enterprises recently started in our city. The Doty leather finds ready sale in the towns where Mr. Doty is known, and where his leather has been tested, and the reciprocal trade started by sending in hides and sending out leather can be rapidly extended by capital and organization. A patent covering Mr. Doty's process has been allowed in the U. S. Patent Office, and negotiations for the right to use the

Bushnell's Des Moines City Directory.

process in other States are pending, and the prospect is that this Iowa invention will speedily come into general use. It is offered upon its merits and no one is asked to purchase the right to use it without first seeing a test and positive proof that the process has all the merit claimed for it. The proprietors are M. L. Doty, T. G. Orwig, and C. G. Lewis.

DES MOINES IRON WORKS—M. A. Penney, proprietor, 113 and 114 east Walnut street, has one of the largest and best assortments of patterns for engine and mill machinery, building and house castings in the State. All kinds of machinery repaired and satisfaction guaranteed.

NEW PROCESS EXCHANGE MILLS—W. P. Gulick, proprietor, manufacturer of the best of flour, bran, meal, mill-feed, etc. The flour from this mill is the best, and the trade is extending rapidly. Call and see them at 210 east Fifth street.

MATTHEWS & LEDDIE Hardware, stoves and tinware, 510 Walnut street, is one of the leading houses in their line in the city. Everything usually kept by a first class hardware house is found here, including all kinds of tinware, cutlery and sheet ironware and nails, and builders' hardware are specialties, and they are agents for the DuPont Powder Company.

THE MCCLAIN BUSINESS COLLEGE. B. W. Bowen, principal. Young men and women desiring a good business education will do well to attend the above college, where they will obtain a thorough knowledge of book-keeping in all its branches, penmanship, mathematics, elocution, and a thorough English course, with instruction in French. Terms reasonable. When in the city visit the McClain Business College and Academy.

T. M. KNIGHT & SON. Wagon and carriage makers, 613 and 615 Locust street, are manufacturers of first-class farm wagons, spring wagons and buggies. Horse shoeing and blacksmithing of all kinds by competent workmen.

N. L. GOLDSTONE & CO. 510 East Fifth street, is one of the largest houses in the city, in dry goods, clothing, and gent's furnishing goods, hats, caps, etc. They are doing a fine business, and East Des Moines may well be proud of this house. Sam. Redstone and N. L. Goldstone constitute the members of this enterprising firm.

J. D. WILLIAMS Hominy mills, 113 and 115 East Court Avenue, manufactures the best of hominy, bolted meal, buck-wheat flour, feed, etc. There is no better hominy in the coun-

Bushnell's Des Moines City Directory.

try than that manufactured by this mill and the demand for these goods is constantly increasing.

MRS. M. M. CLARK Millinery emporium, 705 Walnut street, is one of the largest retail millinery houses in the State. The most fashionable, and a full line of the latest novelties constantly on hand. Mrs. Clark is one of the oldest milliners in Des Moines, and you will find everything just as represented.

M. A. MARTIN & CO. 314 Sixth street, deal in all the standard sewing machines in the market at the very lowest prices, also needles and attachments, all kinds of shuttles and other supplies. All kinds of sewing machines repaired and warranted.

S. N. ENSMINGER 417 East Locust street, dealer in stoves and tinware, tin, copper and sheet iron ware, cutlery, nails, etc. All kinds of job work done, particular attention given to house guttering, and galvanized iron work.

HENRY HAHNEX 514 Walnut street, manufacturer of fashionable boots and shoes, the best of work, and to any who have patronized him he has always given perfect satisfaction. None can do finer work. All kinds of repairing neatly and promptly attended to.

D. D. SKINNER Is agent for the Duncan Iron-Clad Roof Paint, which is unequalled in durability, unrivalled for cheapness, warranted fire and water proof, is unaffected by heat or cold, and will not crack or blister. He is taking contracts for the roofs of any and all buildings at the most reasonable rates. The roofs of many of our large business houses and fine residences are painted by him. Office at residence, 723 Fifteenth street.

ROBINSON & JAMES 509 Walnut street, dealers in staple and fancy groceries, choice teas, glassware, queensware, lamps, etc., have a well selected and large variety of the best quality of goods for their customers to select from, and will sell at prices as low as any first class house in the city. Goods delivered free to all parts of the city.

GEO. GARVER & CO. - Dealers in builders' and shelf hardware, at 610 Walnut street, keep as full a line of hardware, stoves and tinware, table and pocket cutlery, house furnishing goods, etc., as is kept by any retail house in Des Moines. If you desire a new heating stove, stop and examine their new hard and soft coal base burners; or if a new cook stove is

Bushnell's Des Moines City Directory.

wanted, tell your wife to see the different kinds, all first class, sold by the above firm at prices as low as the lowest. You will find everything just as they represent them.

EAST END DRY GOODS HOUSE—C. F. Kissner, proprietor, in Lewis' Opera Block, East Locust street, between Fifth and Sixth, dealer in dry goods, notions and fancy goods, carpets, gent's furnishing goods, &c. The enterprise, honestable and straightforward manner of doing business has won for this firm a remarkable success, and placed it in the front rank of first-class dry goods houses in the State. The people of East Des Moines can now claim that they have a house with as good an assortment as fine goods, and one that sells as low as any house in the city. Goods sent free to any part of the city with promptness and despatch.

MERRILL, KEENEY & CO.—Furniture Dealers and Undertakers, 314 Walnut Street, carry a full line of all kinds of furniture, carpets and oil-cloths, spring bed bottoms, mattresses, shading and window fixtures; also coffins, caskets, robes, &c., and everything usually kept by any first-class house in their line, at bottom prices. This firm is one of the oldest and most favorably known of any in Des Moines. You will find everything just as they represent it to be. Goods delivered free to all parts of the city.

ABORN HOUSE—Corner Fourth Street and Court Avenue, C. F. Wightman, manager. Nothing is left undone that will add to the comfort of the guests. It is now under the direct supervision of Mr. Wightman, who has been for years connected with the house. It is one of the best managed hotels in Iowa, and excelled by none in the west. The hotel contains upwards of one hundred rooms for guests, ranged single and en suite, all spacious and elegantly furnished. The offices and reading rooms are on the first floor; dining rooms, reception rooms, and ladies' ordinary and reception parlors, are all located on the second floor. The house is first-class in all its appointments, and Mr. Wightman's zeal for the Aborn House knows no bounds, and guests are sure of receiving every attention at his hands.

MITCHELL, BARTLETT & CRAIN—Successors to E. R. Cary, Wholesale Druggists, 211 Court Avenue, have recently opened up where they are, but their trade is very promising and rapidly extending in all directions. Their stock consists of the first quality of drugs, paints, oils, glass and druggists' sundries, and are all classified to best utilize

Bushnell's Des Moines City Directory.

time in filling orders. The firm is composed of W. E. Mitchell, J. W. Bartlett and A. D. Crain, young men of energy and ability, who have had years of experience in the drug business and will doubtless ere long make their house one of the leading drug houses in town.

IOWA DENTAL CO. Rooms over 421 Walnut street, A. Morsman, M. D. and A. L. McCarty, D.D. S., Managers, have but recently opened here, but are permanently located in Des Moines and are prepared to do all kinds of dental work in the best possible manner at as low rates as any. In the manufacture of artificial teeth nothing but the best material is used, and every plate is fully warranted to fit and give perfect satisfaction. Call and see them. Consultation free.

LOUIS SCHOLTZ Merchant Tailor, 112 Walnut street, makes a specialty of fine custom tailoring and gents' furnishings; the finest of goods always on hand and perfect satisfaction guaranteed.

J. C. REGAN Successor to Martin Tuttle dealer in stone, lime, cement, stucco, plastering hair, fire brick, sand, &c. Proprietor of patent lime kilns and stone quarries near Earlham, Iowa. Stone and lime in any quantities at wholesale or retail from these popular stone and lime works prices reasonable. Office and yard corner Sixth and Vine streets.

A. H. MILES Druggist, 307 Walnut street, dealer in all kinds of drugs and medicines, paints, oils, varnishes, brushes, toilet articles, soaps and all kinds of fancy goods usually sold by druggists. Prescriptions given special and circuitful attention. Only the best quality of goods kept.

ALBRECHT BROTHERS 222 Fourth street, under "The Kirkwood," manufacturers of fine cigars and wholesale and retail dealers in all kinds of cigars, smoking and chewing tobacco and all kinds of smokers' articles. The best of goods at the lowest possible rates always on hand.

B. H. BADGER General Agent for "The Consolidated Fire Extinguisher Co." of Chicago. Office Equitable building corner Fifty street and Post Office Place, is representing the largest manufacturers of chemical extinguishers and engine hook and ladder trucks and hose carriages, in the United States. The Company are manufacturers of and dealers in all kinds of fire apparatus, for cities, towns and public and private buildings. See the Company's advertisement, represented by their live and efficient agent, Mr. Badger.

Bushnell's Des Moines City Directory.

MRS. W. BAILEY & CO. Deal in Millinery and Fancy Goods, 229 Fourth street, opposite "The Kirkwood," and you will find as fine an assortment of millinery goods as is found in the city. Fine work a specialty with them. They are a new firm, but by their attention to business and the wants of their customers they are rapidly coming to the front.

DR. C. THOMAS Dentist, rooms over 413 Walnut street, practices dentistry in all its branches: teeth extracted without pain. The best of material used in the manufacture of artificial sets of teeth. All work warranted.

MOUNT BROTHERS Broom Factory, corner East Court Avenue and Ninth street, manufacturers of and wholesale dealers in all kinds of brooms, wisps and brushes. Only the best of materials used. They raise their own corn and know just how to take care of and prepare it for first class work, which theirs is warranted to be. All the late improvements in machinery and a large factory, with only first-class broom makers, is what has enabled them to take the lead in their line in the State. The trade is supplied at the lowest possible rates. Orders by mail receive prompt attention.

W. W. CARPENTER City Woolen Mills, corner East Locust and First Streets, manufacturer of cassimeres, satinettes, fulled cloth, blankets, jeans, stocking yarns, wool carding, fulling, &c. Mr. Carpenter has had many years of experience in the business and we may well expect that every article of his manufacture will be first-class.

EAGLE IRON WORKS George Lendrum, President; D. E. Perkins, Secretary, 301 and 303 East Court Avenue, is the largest and most successful manufactory, in their line, in Des Moines if not in the State. They manufacture all kinds of house and building castings, brass casting, columns, pilasters, lintels, girders, sash weights, engines, shafting, boiler fronts, grate bars, gearing, bridge castings, bolts and washers, pulleys, &c.; also, flouring mills and elevators furnished complete. Their work is first class and always gives perfect satisfaction.

YOUNGBERG BROTHERS Grocers. Lewis' Opera House block, East Locust street, is one of the leading grocery houses of Des Moines. They have a general assortment of the best of staple and fancy groceries, teas, &c., and will not be undersold by anyone. Goods delivered free to all parts of the city. Understanding the business thoroughly and having

Bushnell's Des Moines City Directory.

energy and ability they will soon become one of the first houses in Iowa,

JOHN BRUNSDON—Wholesale tobaccoconist, 600 Walnut street, deals in all kinds of cigars, tobacco, and smokers' articles. Fine cigars a specialty. He has a large wholesale trade, and will soon become one of the leading tobaccoconists of the West.

W. K. MILLER—Agent for Wanamaker & Brown, salesroom over 623 Walnut street, where you will find sample goods of all kinds of cloths, for men's and boys' clothing, gent's furnishing goods, ladies' and gent's underwear, dry goods, shawls, cloaks, silks, satins and velvets, etc. Merchant tailoring a specialty. You can leave your measure, select the goods you want, and get a suit in a few days. The house warrants the goods as represented, guarantees a perfect fit, and prices as low as the lowest. Wanamaker & Brown have the largest, and we think the best, clothing house in America.

J. ROGG & SON Watchmakers and jewelers, 418 Walnut street, dealers in watches, clocks, jewelry, fine silverware, gold chains, rings, etc. You will find goods as they represent them; and prices as low as the lowest. Fine watch repairing a specialty, and all work warranted.

L. N. RICE Wholesale and Retail dealer in Pianos and Organs, sheet music and musical merchandise, 205 Fifth street, is one of the largest and most favorably known dealers in his line in Iowa. He is agent for the Chickering, Webber, Steinway, Wheelock and Pease pianos, and dealer in organs of all the leading manufacturers. His goods are sold as low as the lowest, as he buys directly from the manufacturers.

IOWA SCHOOL FURNITURE CO.—East Court avenue, corner Second street. Go where you will throughout the land you will always find in every populated section of our country a school house. These particularly American landmarks of progress and refinement are with few exceptions, warm, convenient, well-lighted and above all well seated. Among the many houses which make the manufacture of school furniture a specialty there is not one which bears the marks of a good, successful career, which has been or is better or more favorably known than the Iowa School Furniture Company of Des Moines. Church Furniture made to order. Messrs. Percival and Scoville are the managers.

GEO. A. WARNER Plumber, Steamer and Gas Fitter, 807 Walnut street, dealer in all kinds of iron and brass goods, gas fixtures, rubber hose, bath tubs, iron, wood and chain pumps of all kinds, iron fencing, iron and lead pipe, castings, &c. All his work is first-class.

RANDALL & DICKEY Dealer in all kinds of first-class agricultural implements. If you are wanting anything in the line of farm implements, a good farm or spring wagon, or anything usually kept by men in their line of business, give them a

Bushnell's Des Moines City Directory

call, at 217 and 219 Walnut street, where you will find everything as represented, and prices to suit the times. Messrs. Geo. W. Randall and Adam Dickey constitute the firm.

N. S. McDONNELL & CO.—Successors to McDonnell & Mease, proprietors Des Moines Steam Boiler and Iron works, East Court avenue, corner First street, is one of the largest manufacturing firms of the kind in Iowa. They are manufacturing steam boilers, heat and water tanks, smoke-stacks, iron jails, shutters, and all kinds of wrought iron work at the lowest possible rates. You will find their work first class.

H. F. GETCHELL & SON—Are the largest and one of the oldest wholesale and retail dealers in lumber, lath, shingles, doors, sash, blinds, &c., in Iowa. The principal yard is corner Eighth and Vine streets; branch yards, East Des Moines, corner Court avenue and Third street, and at Indianola. Chicago office, 44 Dearborn Street.

LEWIS CONIGISKY—Proprietor Plunder Store, 504 Walnut Street, wholesale and retail dealer in fancy goods and notions, dry goods, millinery, hair goods, picture frames, looking glasses, &c., &c., &c. In fact, as large a variety of notions as are found in the city, and everything sold at as reasonable rates as any first-class house in his line.

W. H. LEHMAN—General Agent for Story & Camp, of Chicago; pianos and organs. Salesrooms 199 Fifth street, rear of Post Office Park, where you will see the Story & Camp, Decker Bros., Haines Bros., Billings, Steinway, and other first-class pianos, and the Story & Camp and Estey organs. All goods direct from the manufacturers, at the lowest reasonable rates. Good organs for \$50 and upwards, and pianos from \$150 and upwards. Call on or address W. H. Lehman, manager of agencies for Iowa and Nebraska, Des Moines, Iowa, Story & Camp, 188 and 190 State street, Chicago, or 142 and 144 Olive street, St. Louis.

DES MOINES OAT MEAL MILLS. Our mills are among the leading in the West. Mr. H. R. Heath established himself in this business in May last, and is meeting with unparalleled success. He turns out eighty barrels of oat meal daily, and ships to New York, Boston, Chicago, St. Louis, and all principal parts of the country. His success is now an established fact, and can but produce favorable results. It is run by J. Ford, a young Scotchman, which means that it makes the

Bushnell's Des Moines City Directory

genuine article. It has the advantage of the practical experience of other mills in the country, and the improvements suggested thereby.

- FAYLOR PIERCE - Has also recently fitted up mills for the manufacture of oat meal, and will soon start with a competent and experienced set of men to help supply the great demand for Des Moines manufacture.

The oat is the only grain which must be dried by artificial heat before it can be ground to be used for food. The process of drying is the object sought in producing meal. The grain is placed on large perforated pans over steam coil pipes, and is stirred constantly by rotating arms or scrapers, so that it is perfectly and uniformly dried by heated air, and thus retains the full flavor of the grain and all its starch, giving it a taste very much like corn. Now this is an industry in which the people of every city in the State and the farmers have an interest. Oats can be grown in Iowa at a low price. The quality and yield are the best of any State in the Union. The demand for oat meal is constantly increasing. The public palate is becoming more and more pleased with it.

HENRY KAGEY Agent for Iowa of the Chicago School Furniture Co. The desks they handle are known as the "Faultless" School Desks and have given perfect satisfaction wherever used. No better desks are made anywhere. For illustrated circulars and price lists address Henry Kagey, Des Moines, Iowa.

University of Des Moines.

This Institution of learning is situated in one of the most healthful and beautiful parts of the city of Des Moines.

It has a competent corps of Teachers, with the following departments:

A Sub-Freshman Course

of two years, combining not only preparation for College, but all those studies pursued by students designing to spend but a limited time in study. A full

Classical and Scientific Course

of four years, such as is usually pursued in a full College course.

A Normal Department

for persons desiring to prepare for teaching.

BOARD AND LODGING

can be secured in the building or in private families, at moderate rates. Information or circulars can be obtained by addressing,

Rev. J. A. NASH, D. D. President,

DES MOINES, IOWA

MUSIC! MUSIC!

Lessons on the

Pianoforte & Organ,

With the most approved methods, including

THOROUGH BASS, HARMONY AND COUNTERPOINT,

By Mrs. J. N. PAGE.

An experience of nearly thirty years, combined with kind, patient and efficient teaching, will warrant her in hoping for a portion of the public patronage. Lessons given at her residence, or at the residence of pupils.

Any one course of study may be taken separately, or two or more together. Tuition reasonable.

For terms, and information as to text books, etc., call on or address her at her residence.

HOME OFFICE. NO. 701 PARRY BLOCK, WALNUT STREET

There are many men who would like to make some provision to secure to dependent and loved ones assistance and relief in case of death, who will not take out a policy in a life insurance company and do not care to join a secret organization to secure the benefits of the Relief Associations to their families.

To all such the Iowa State Mutual Benefit Association of Des Moines Iowa, of which Rev. John A. Nash is President, offers a safe plan. In this Association women are also insured. Circulars and full particulars can be obtained at the home office No. 701 Parry's Block, Walnut street, of B. C. Sewall, Sec'y.

None but healthy men and women are insured.

The assessments are graded from one dollar for persons between 18 and 30 years of age, to two dollars for those between 60 and 65 years of age.

It is managed and patronized by leading business men in the state. Amount of death benefits limited to \$2,000.00 member ship unlimited. No accumulated funds for others to invest only losses by death to be paid, and those only when they occur.

Bushnell's Des Moines City Directory

Iowa Dental Co.,

421 WALNUT STREET.

A. L. McCARTY, D. D. S., and A. MORSMAN, M. D., Managers.

We have permanently located in Des Moines, and are prepared to do all kinds of Dental work in the best possible manner at the following prices:

Best full set of Artificial Teeth,	\$8.00
Extracting Teeth,	.25
Painless Extracting of Teeth,	.50
Silver Fillings,	.50 to 1.00
Gold Fillings,	1.00 to 2.00

FINE GOLD FILLING A SPECIALTY.

In the manufacture of Artificial Teeth, nothing but the best material is used, and every plate is fully warranted to fit perfectly and give satisfaction, or no pay. We challenge comparison with any high priced plates made.

We manufacture our own Laughing Gas

or "VITALIZED AIR." It is fresh and pure, and will not harm any one. We administer it when desired. Under its influence no one need dread the extraction of a tooth, for it can be done without pain.

We guarantee to furnish as Good Teeth and do as Good Work as can be obtained anywhere.

Call and see us. CONSULTATION FREE. Remember the place.

OVER 421 WALNUT STREET.

ORNAMENTAL.

Slate and Asbestos ROOFING.

The undersigned, representing the best PENNSYLVANIA and VERMONT SLATE QUARRIES, has constantly in stock the famous

LEHIGH AND BANGOR SLATES,

And is prepared to roof all kinds of costly buildings at short notice, and at unprecedented low prices. Quality of material and work guaranteed.

Also, Sole Agent for the celebrated

H. W. John's Asbestos Felt and Paint Roofing,

An article which is in extensive use in all Eastern cities, by well known Merchants and Manufacturers, whose testimonials are a sufficient guarantee for its durability, &c.

ROOFING PAINT.

A roof may be covered with a very cheap shingle, and by application of this paint, be made to last from 20 to 25 years. OLD ROOFS can be patched and coated, looking much better, and lasting longer than new shingles without the paint, for one-third the cost of re-shingling. This paint is PRACTICAL, BY FIRE PROOF against sparks or flying embers, and for TIN and IRON has no equal, as it expands by heat and contracts by cold, and will not corrode in the most exposed places.

ASBESTOS CEMENT FELTING,

For covering Hot Air and Steam Pipes, Boiler, Nails, etc., furnished or applied at short notice.—Estimates and testimonials furnished. Correspondence solicited.—Address,

D. G. RHOADS,

314 Seventh Street

THE IOWA ROUTE!

TITLE

BURLINGTON, CEDAR RAPIDS & NORTHERN

AND

Minneapolis & St. Louis Railways.

POSTERIPLY THE IOWA ROUTE IS THE ONLY ROUTE OVER WHICH
THE CELEBRATED

PULMAN PALACE SLEEPING CARS

ARE RUN WITHOUT CHANGE BETWEEN

ST. LOUIS AND MINNEAPOLIS, AND THE ONLY LINE

Running its Entire Trains between Burlington and Minneapolis.

THIS IS THE TRAVELER'S ROUTE BETWEEN THE

NORTH AND SOUTH.

The only route running Through Trains between Burlington and Minneapolis, with
Palace SLEEPING CARS Attached.

Connections are as Follows:

At Burlington with Chicago, Burlington & Quincy Ry. for Chicago, Galesburg, Peoria, Indianapolis, Cincinnati and the East; Ft. Madison, Keokuk, Quincey, St. Louis and the South; Mt. Pleasant, Ottumwa, Kansas City and the Southwest; with Toledo, Peoria & Warsaw Railway for Peoria, Indianapolis, Lafayette and Cincinnati, and with Burlington & Sioux City, Burlington, Rock Island, Bloomfield and all points in Missouri and Kansas.

At Columbus, Junction with Chicago & Southwestern Railroad for Washington, Sigourney, Linnworth and Alton; West: Davenport and Rock Island; East:

At Nichol with Muscatine Division B. & R. & N. for Muscatine

At Wm. Lyon and Iowa City with Chicago, Rock Island and Pacific Railroad for Des Moines, Davenport and Rock Island

At Cedar Rapids with Mississippi Division of B. & R. & N. for Independence, West Union, Postville and McGregor; with Chicago & Northwestern Railway for Omaha, Council Bluffs, Council and Fort Dodge, and with Western Union Railway for Anamosa, Dubuque, Sioux City, Beloit, Racine and Milwaukee.

At Vinton with Pacific Division B. & R. & N. for Traer, Grand Center and Holland.

At Waterloo and Cedar Falls, with Illinois Central Railroad for Dubuque, Fort Dodge, and Sioux City.

At Snell Rock with stage for Waterloo.

At Nora Junction with Milwaukee & St. Paul Ry. for Mason City and Charles City.

At Plymouth with Milwaukee & St. Paul Railway.

At Albert Lea for points on the Minneapolis & St. Louis Railway, Waseca, Carver, St. Paul, City Junction, Chaska, Minneapolis and St. Paul; with Southern Minnesota Railway for Wells, Winona and La Crosse.

At Independence with Illinois Central Railway for Manchester and Dubuque.

At Postville with Chicago, Milwaukee & St. Paul Railway for McGregor and Prairie du Chien.

MINNEAPOLIS AND ST. LOUIS RAILWAY CONNECTIONS

At Amana Lee with Burlington, Cedar Rapids & Northwestern Railway for Waterloo, Cedar Falls, Cedar Rapids, Vinton, West Liberty, Burlington, St. Louis, Chicago and all points East, West and South.

At Waverly with C. & N. W. Railway for Marion, St. Peter, New Ulm, Owatonna, Rochester and Winona.

At Sioux City Junction with St. Paul & Pacific Railway for St. Paul.

At Minneapolis with St. Paul & Pacific, Chicago, Milwaukee & St. Paul, and Northern Pacific Railways.

Passenger travelers North or South will find this the most pleasant and comfortable route. No transfers. Baggage checked through and tickets for sale to all principal points of the United States and Canada.

E. F. AVINS, General Manager. C. J. IVES, Superintendent.

J. P. MILLIS, Assistant to General Manager. Cedar Rapids, Iowa.

Chicago & Northwestern Railway.

Besides operating the short line between Chicago and the Missouri River, this company ~~owns~~, under one management, the great trunk railway lines of the West and Northwest, etc., with its numerous branches and connections, forming the shortest and swiftest route between Chicago and all points in Illinois, Wisconsin, Northern Michigan, Minnesota, Iowa, Nebraska, California and the Western Territories. Its

Chicago, St. Paul & Minneapolis Line

Is the ~~short~~ line for Northern Wisconsin and Minnesota, and for Madison, Milwaukee, Winona, Davenport, Dights and all points in the Great Northwest. Its

Winona & St. Peter Line

Is the only route for Winona, Rochester, Owatonna, Mankato, St. Peter, New Ulm and all points in Southern and Central Minnesota. Its

Green Bay and Marquette Line

Is the ~~short~~ line for Janesville, Watertown, Fond du Lac, Oshkosh, Appleton, Green Bay, Menasha, Neenah, Marquette, Houghton, Hancock and Lake Superior Country. Its

Freeport and Dubuque Line

Is the ~~only~~ route for Elgin, Rockford, Freeport and all points via Freeport. Its

Dubuque and La Crosse Line, via Clinton,

Is the Pullman Sleeping-Car Line between Chicago, Dubuque and McGregor, Iowa, and the best route for points on the Mississippi River north of Clinton. Its

Chicago and Milwaukee Line

Is the old Lake Shore route, and is the only one passing through Evanston, Lake Forest, Highland Park, Waukegan, Racine, Kenosha, to Milwaukee.

Westbound trains leave Chicago daily except Sunday, (and on every third Sunday), from the Wells Street Depot, at 10:30 A. M., and arrive at Council Bluffs about noon. Eastbound they leave Council Bluffs about noon, daily except Sunday, and arrive in Chicago about 4 P. M. (and on every third Sunday, about 3 P. M.)

In any other form of Hotel Cars

Map of the Chicago & Northwestern R. R.

PULLMAN HOTEL CARS

Are now running regularly on all the lines above mentioned, and are the best and most comfortable way to travel.

On the arrival of trains from the eastward, the trains of the Chicago and Northwestern Railway leave Chicago as follows: For Council Bluffs, Omaha and California, Two Through Trains daily. Pullman Palace Hotel and Sleeping Cars through to Council Bluffs. For St. Paul and Minneapolis Two Through Trains daily, with Pullman Palace Cars attached to both trains. For Milwaukee, Four Through Trains daily, Pullman Cars on night trains, Parlor Chair Cars on day trains. For Sparta and Wausau, and points in Minnesota. One Through Train daily, with Pullman Sleepers to Winona. For Dubuque and La Crosse, via Clinton, Two Through Trains daily, with Pullman Cars on night trains to McGregor, Iowa. For Sioux City and Yankton, Two Trains daily, Pullman Hotel Cars to Missouri Valley Junction. For Green Bay and Lake Superior, Two Trains daily, with Pullman Palace Cars attached.

BEAR IN MIND No other road runs Pullman Hotel Cars, or any other form of Hotel Cars, THROUGH between Chicago and the Missouri River. On no other road can you pass all the meals on regular through trains and Omaha without leaving the car you start in. This is the only route that has through sleeping cars of any sort. The charges for berths in the Pullman cars are about the same as in any other Pullman Sleeping Car. The meals are extra, and the car must be reserved on order, and their charges are very reasonable.

TICKETS OVER THIS ROUTE ARE SOLD BY ALL TICKET AGENTS, IN ALL COUPON TICKET OFFICES, IN THE UNITED STATES.

For rates of information, look up "The Standard Railroad Guide," published by MARVIN HUGGETT,

General Manager, Chicago.

W. H. STENNEDD
Agent, Chicago.

WE RECOMMEND

To All Persons Seeking Homes

IN NEBRASKA AND ALL FAR WEST POINTS IN THE
UNITED STATES, TO TAKE THE

CHICAGO, BURLINGTON & QUINCY R. R.

From Chicago West.

Passengers by this route have

TWO EXPRESS TRAINS DAILY.

BY WHICH THEY CAN REACH

NEBRASKA CITY, LINCOLN, OMAHA,

ALL POINTS IN KANSAS,

COLORADO,

And All Far West Points.

It is thoroughly equipped with Westinghouse's Patent Air Brakes and
Miller's Patent Safety Platforms,

IT IS THE ONLY LINE

running Pullman's 16-wheel sleeping cars (the largest size made), which for ease and
comfort are unsurpassed. This is also the only line running
Pullman's Dining cars.

IN FACT WE CHEERFULLY RECOMMEND THIS ROAD
TO THE TRAVELING PUBLIC.

Passengers will find tickets at all offices in the East for all points West, and at
all the offices in the West for all points East. For further information address
